

DBZS CODEE V4

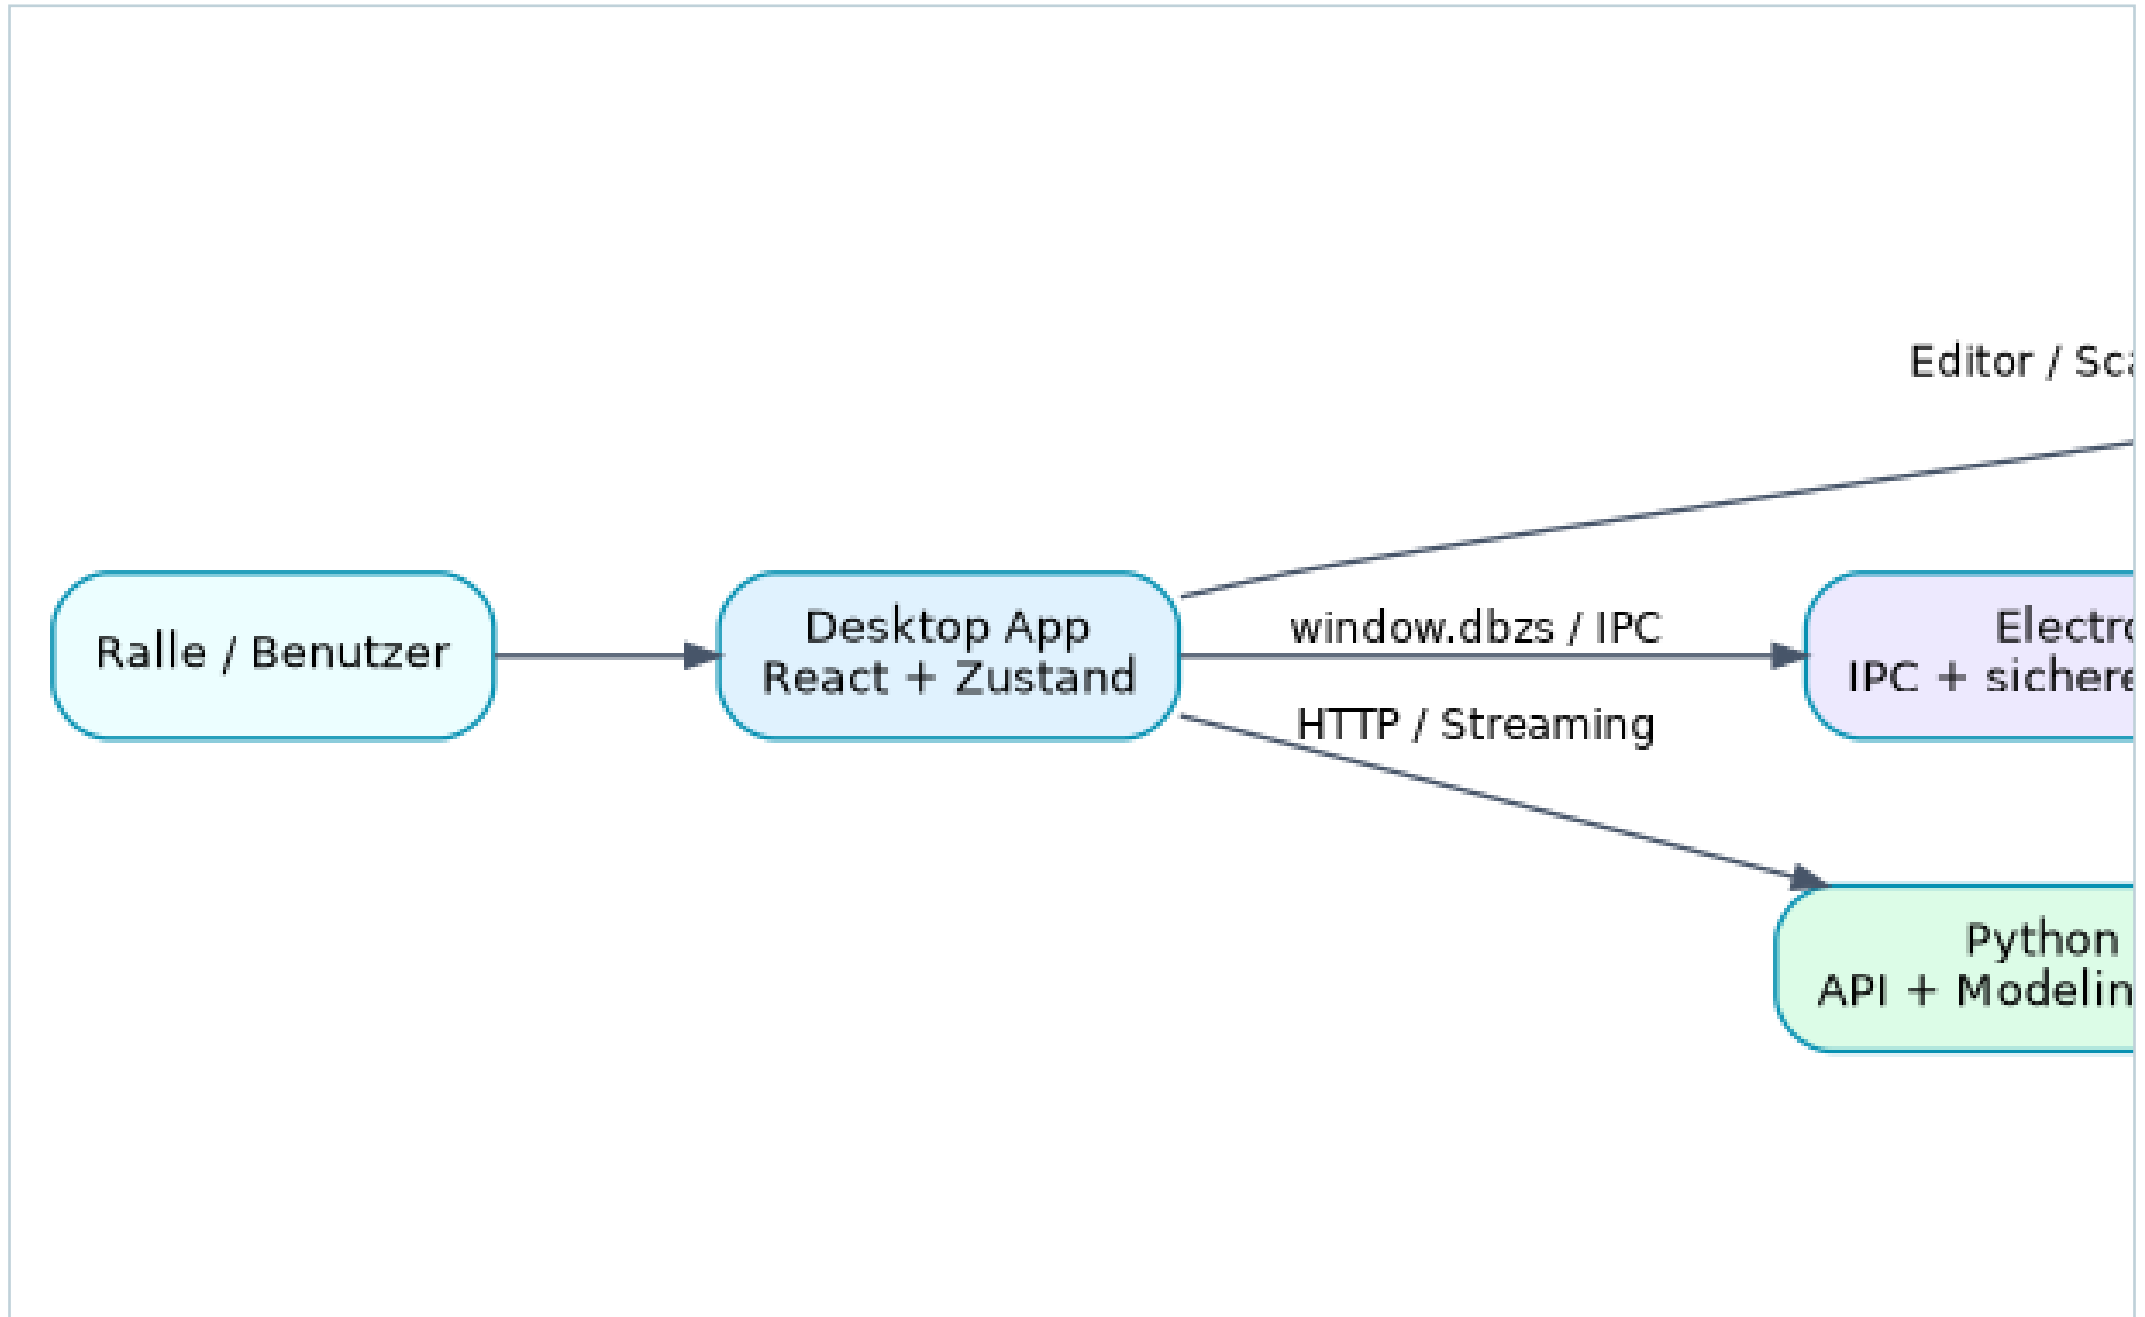

ARCHITEKTUR- UND FLUSSATLAS

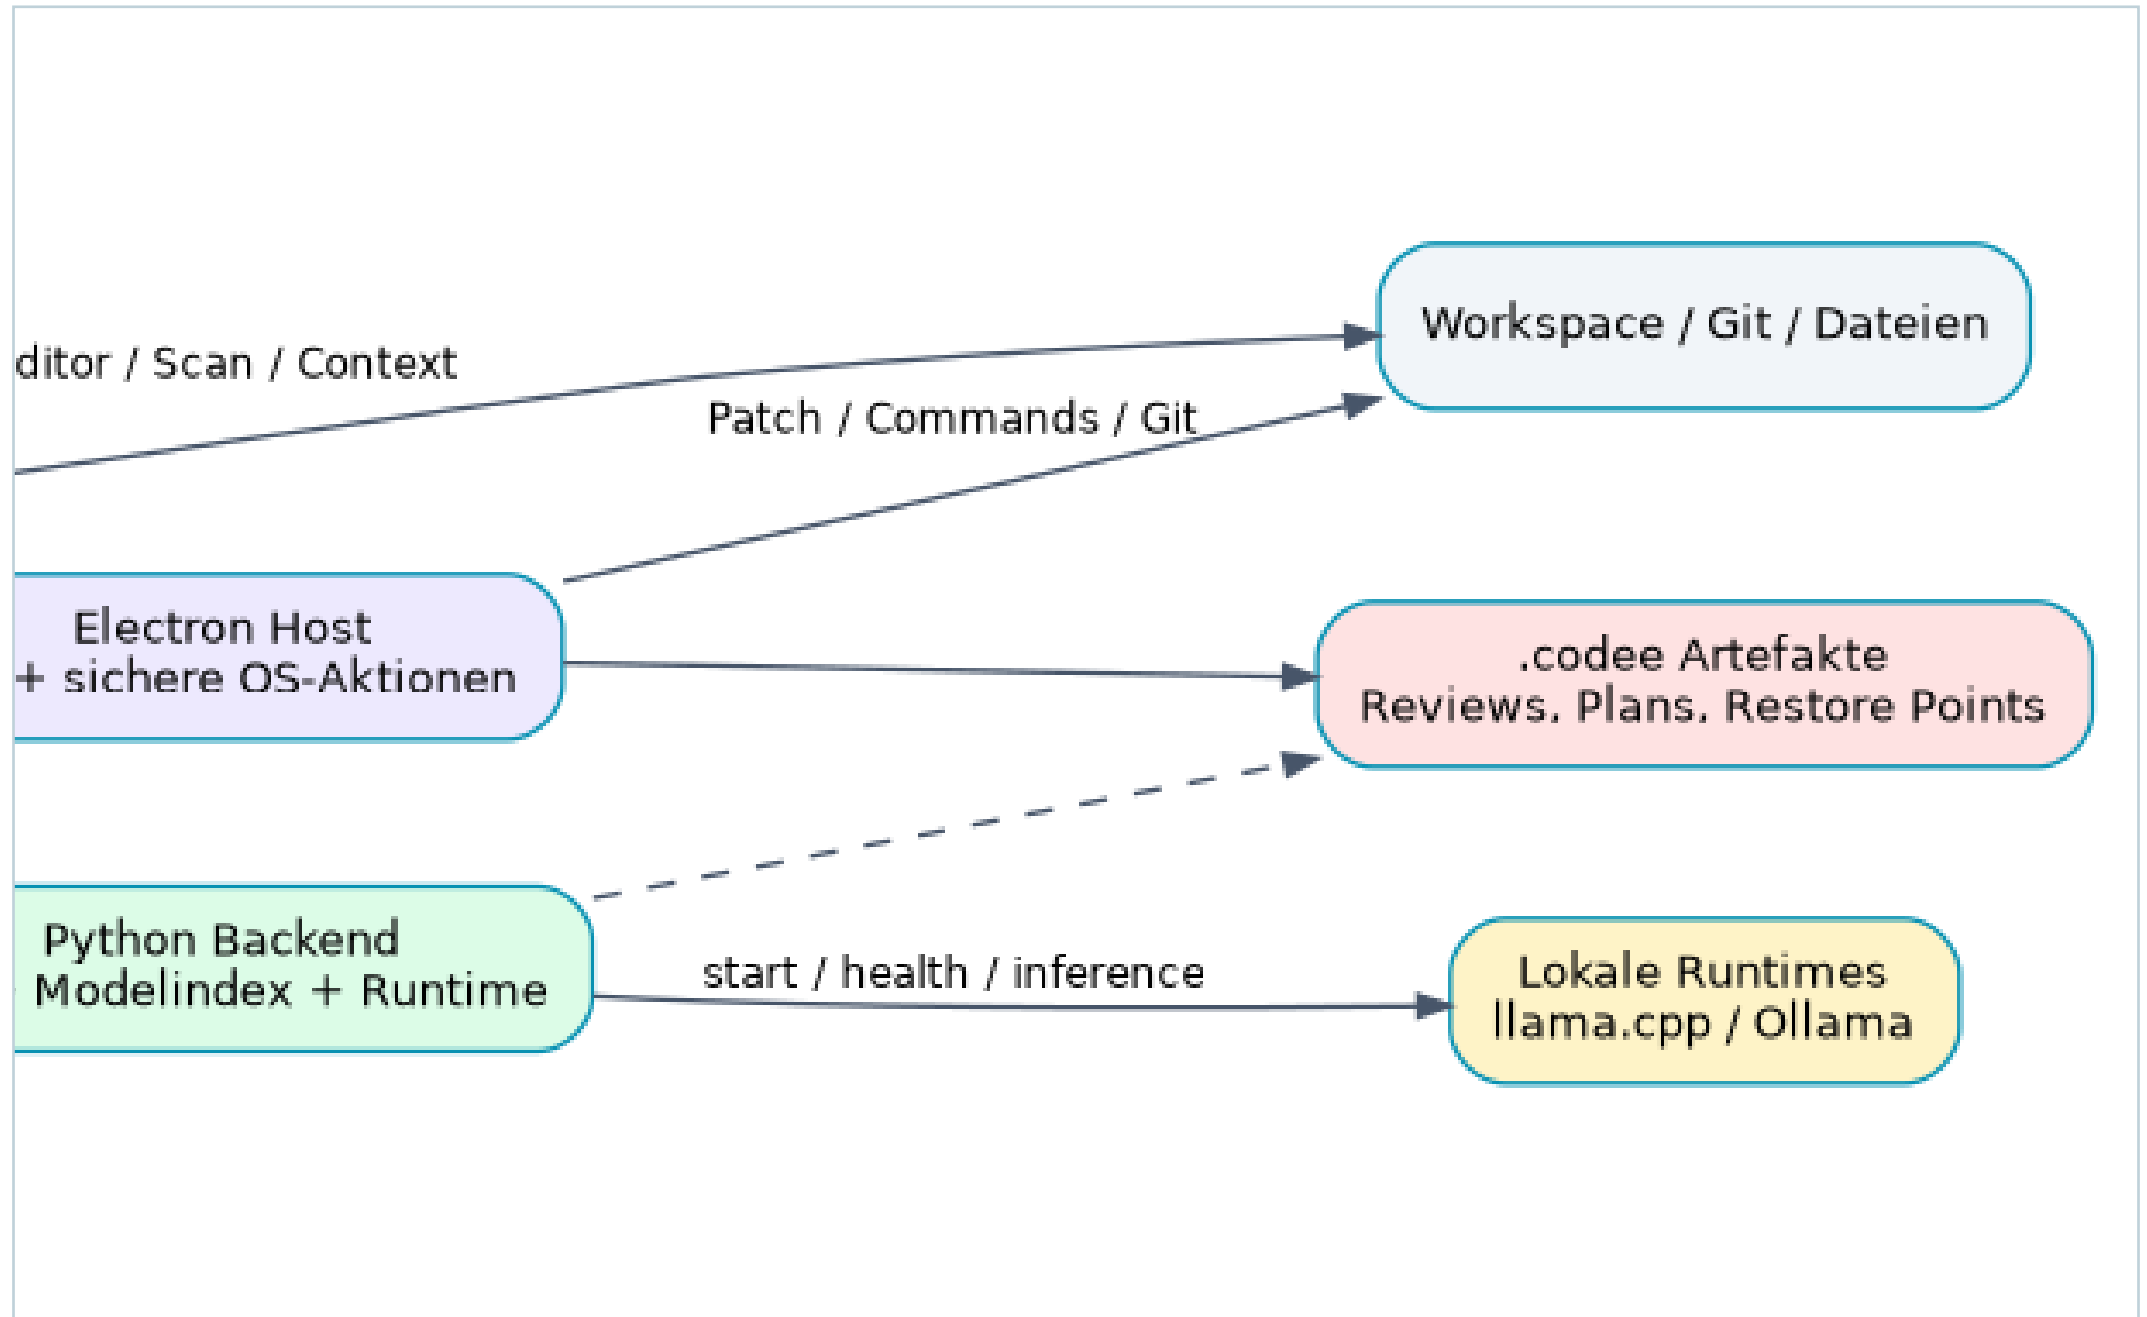

Wandversion - A4 Querformat - Poster-Kacheln

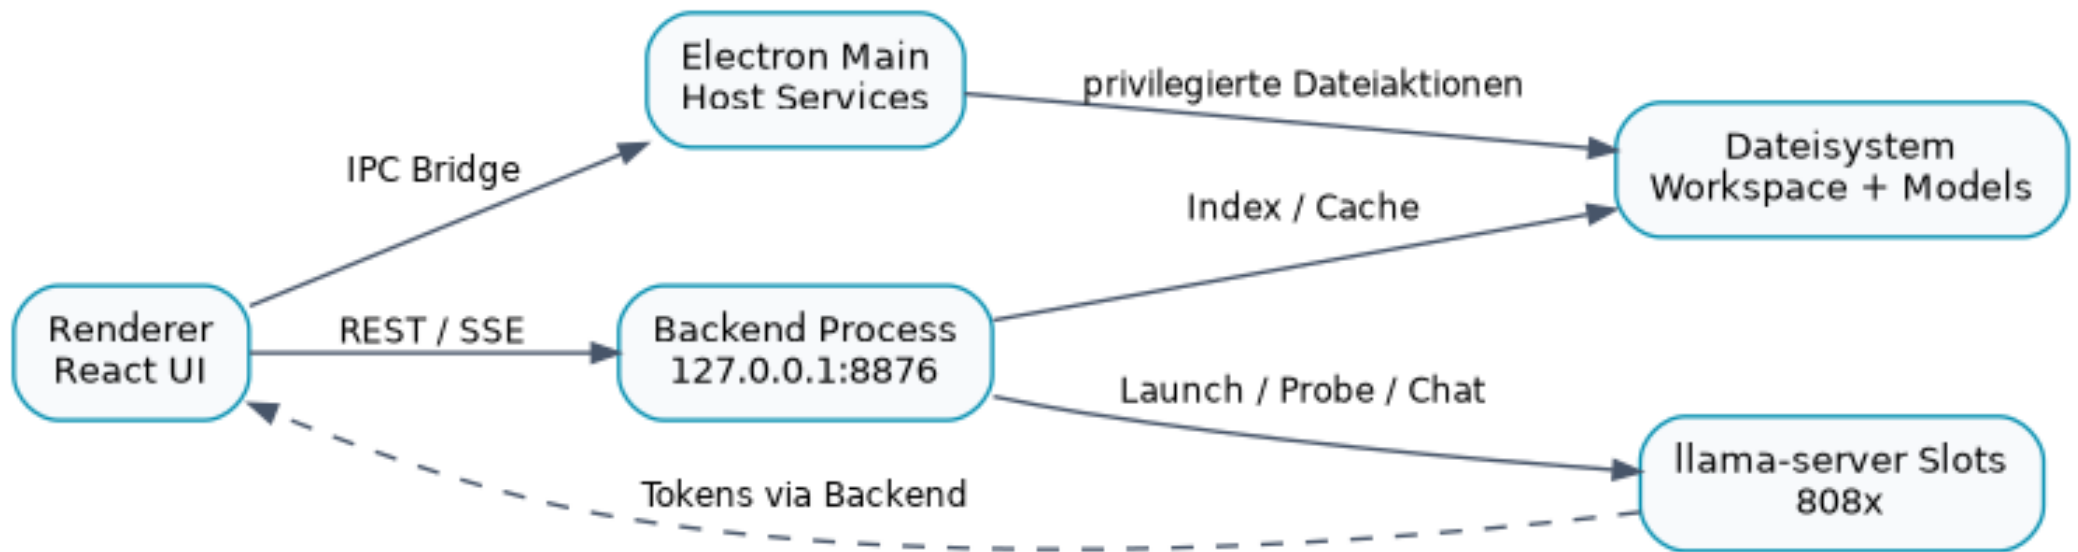

Montage- und Leselogik

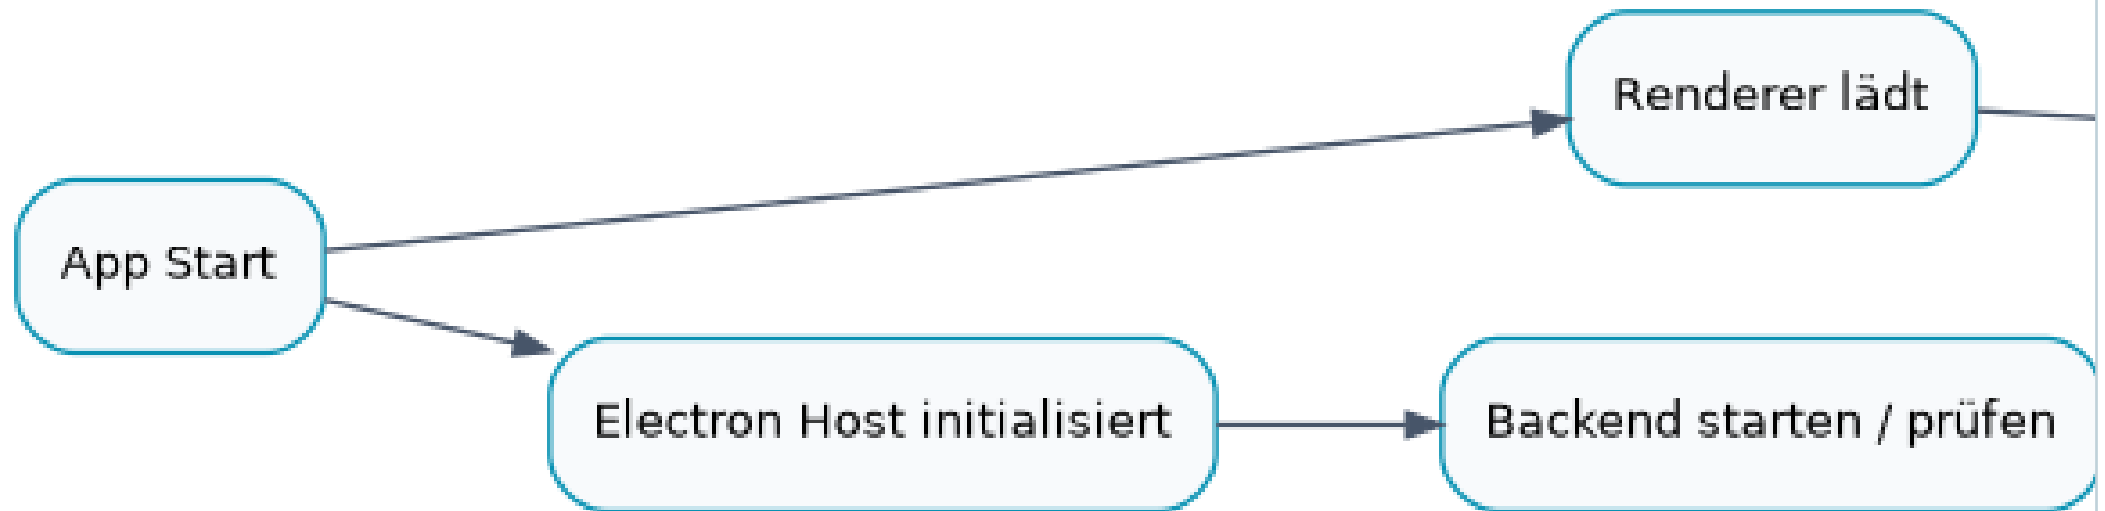

- Jede Seite ist als eigenständige A4-Querformat-Kachel angelegt.
- Sehr breite Flüsse wurden in nummerierte Teilkacheln zerlegt.
- Teilkacheln werden von links nach rechts montiert.
- Kleine Überlappungen an den Schnittkanten erleichtern die Zuordnung.
- Empfohlener Druck: 100 %, tatsächliche Größe, keine Seitenanpassung.
- Empfohlene Anordnung: Kapitel 01-16 in zwei oder drei horizontalen Reihen.

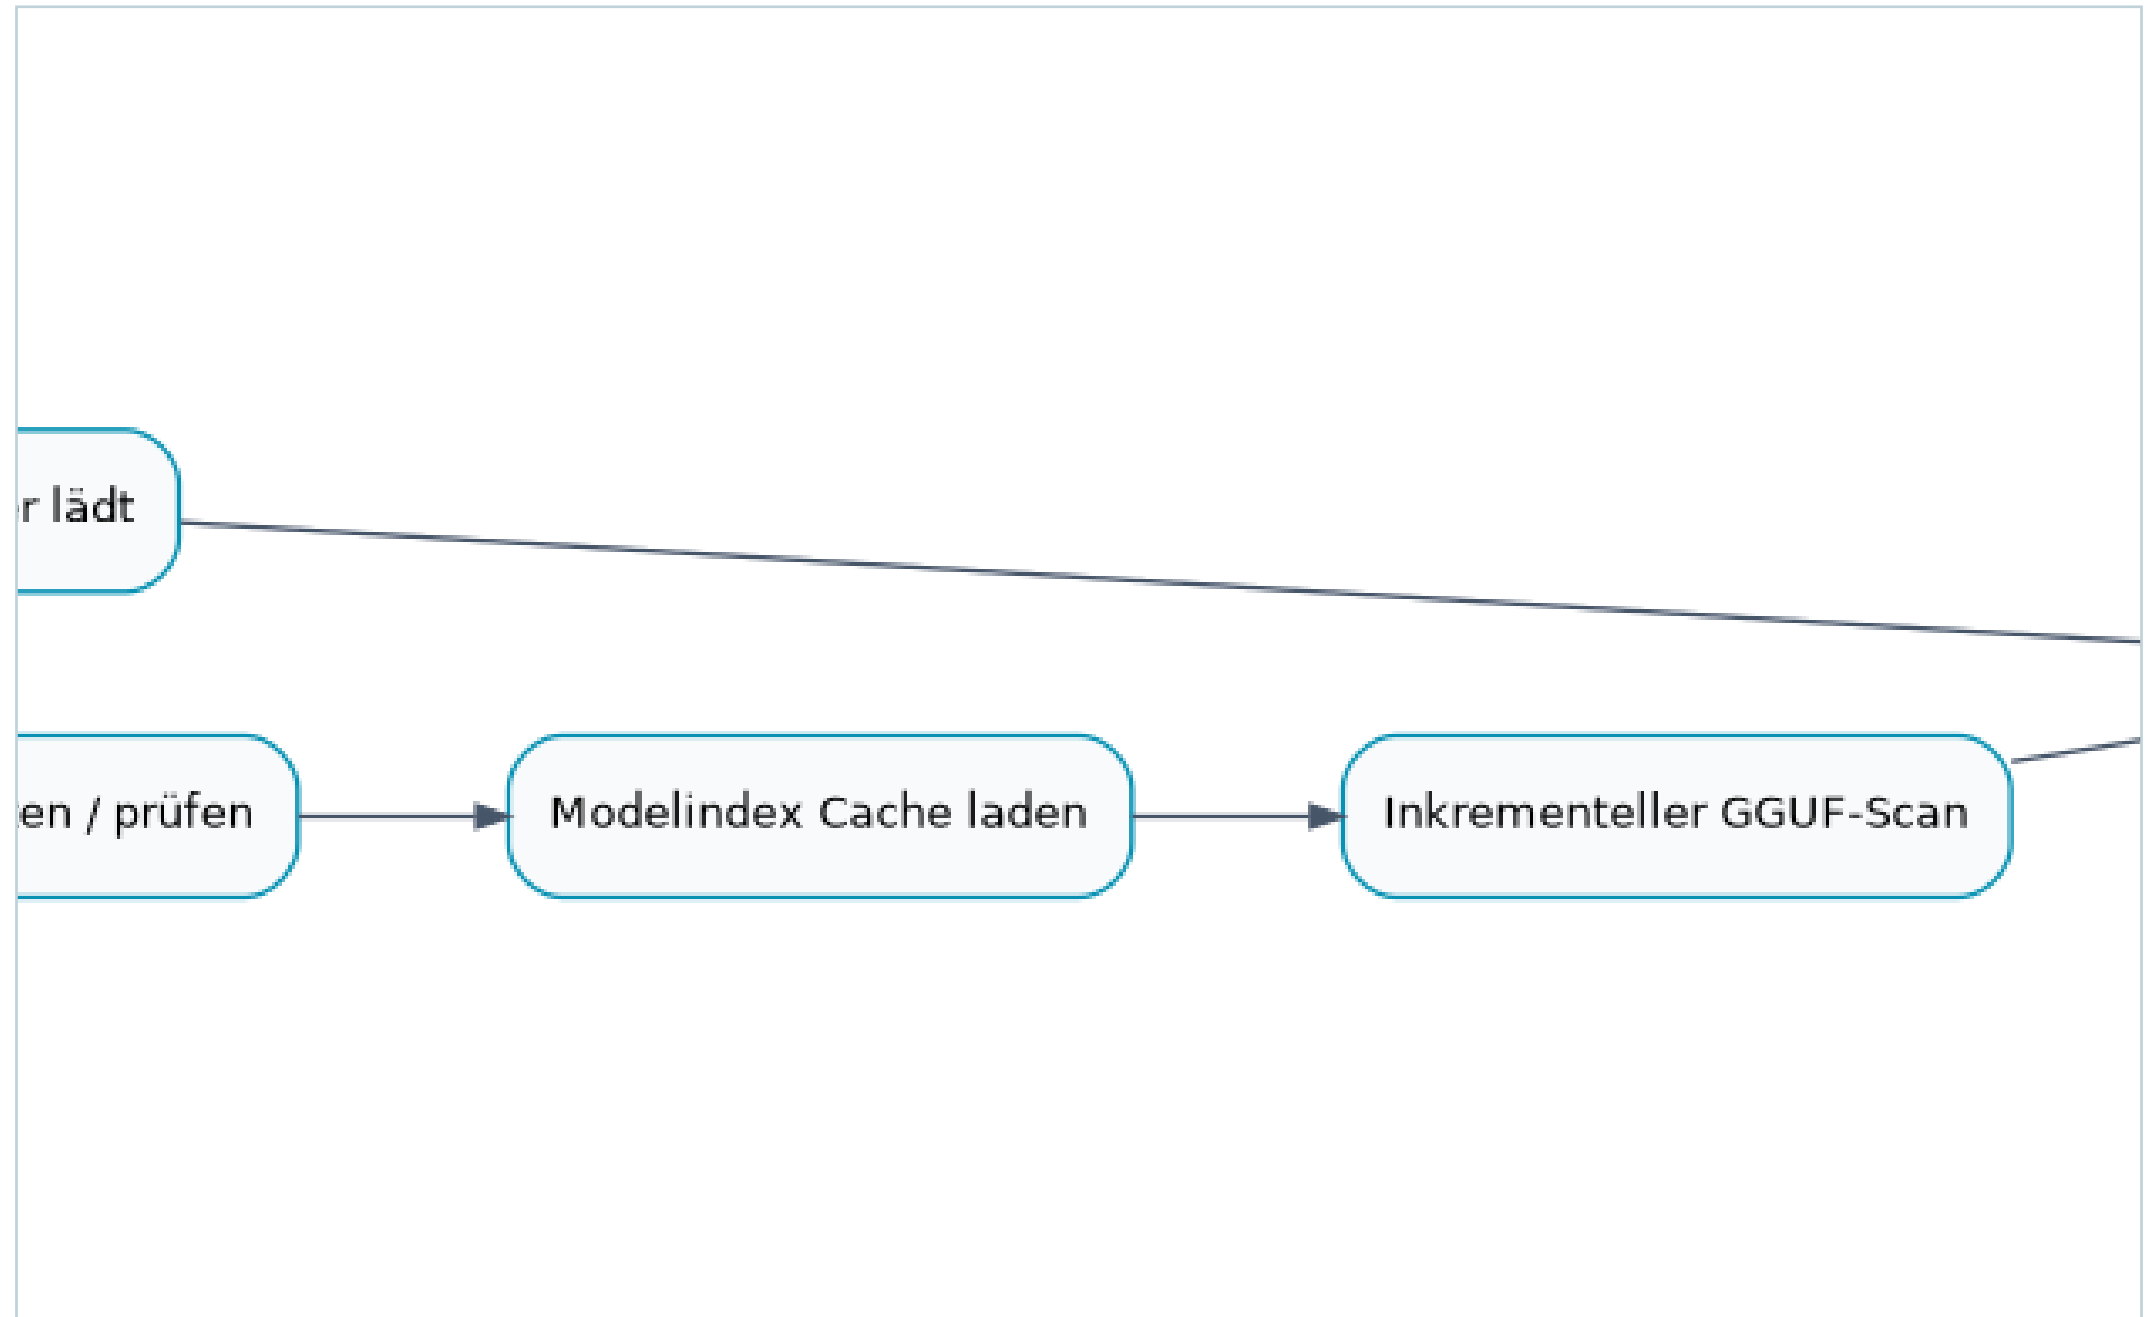

Tipp: Erst lose mit Malerkrepp ausrichten, dann dauerhaft befestigen. :-)

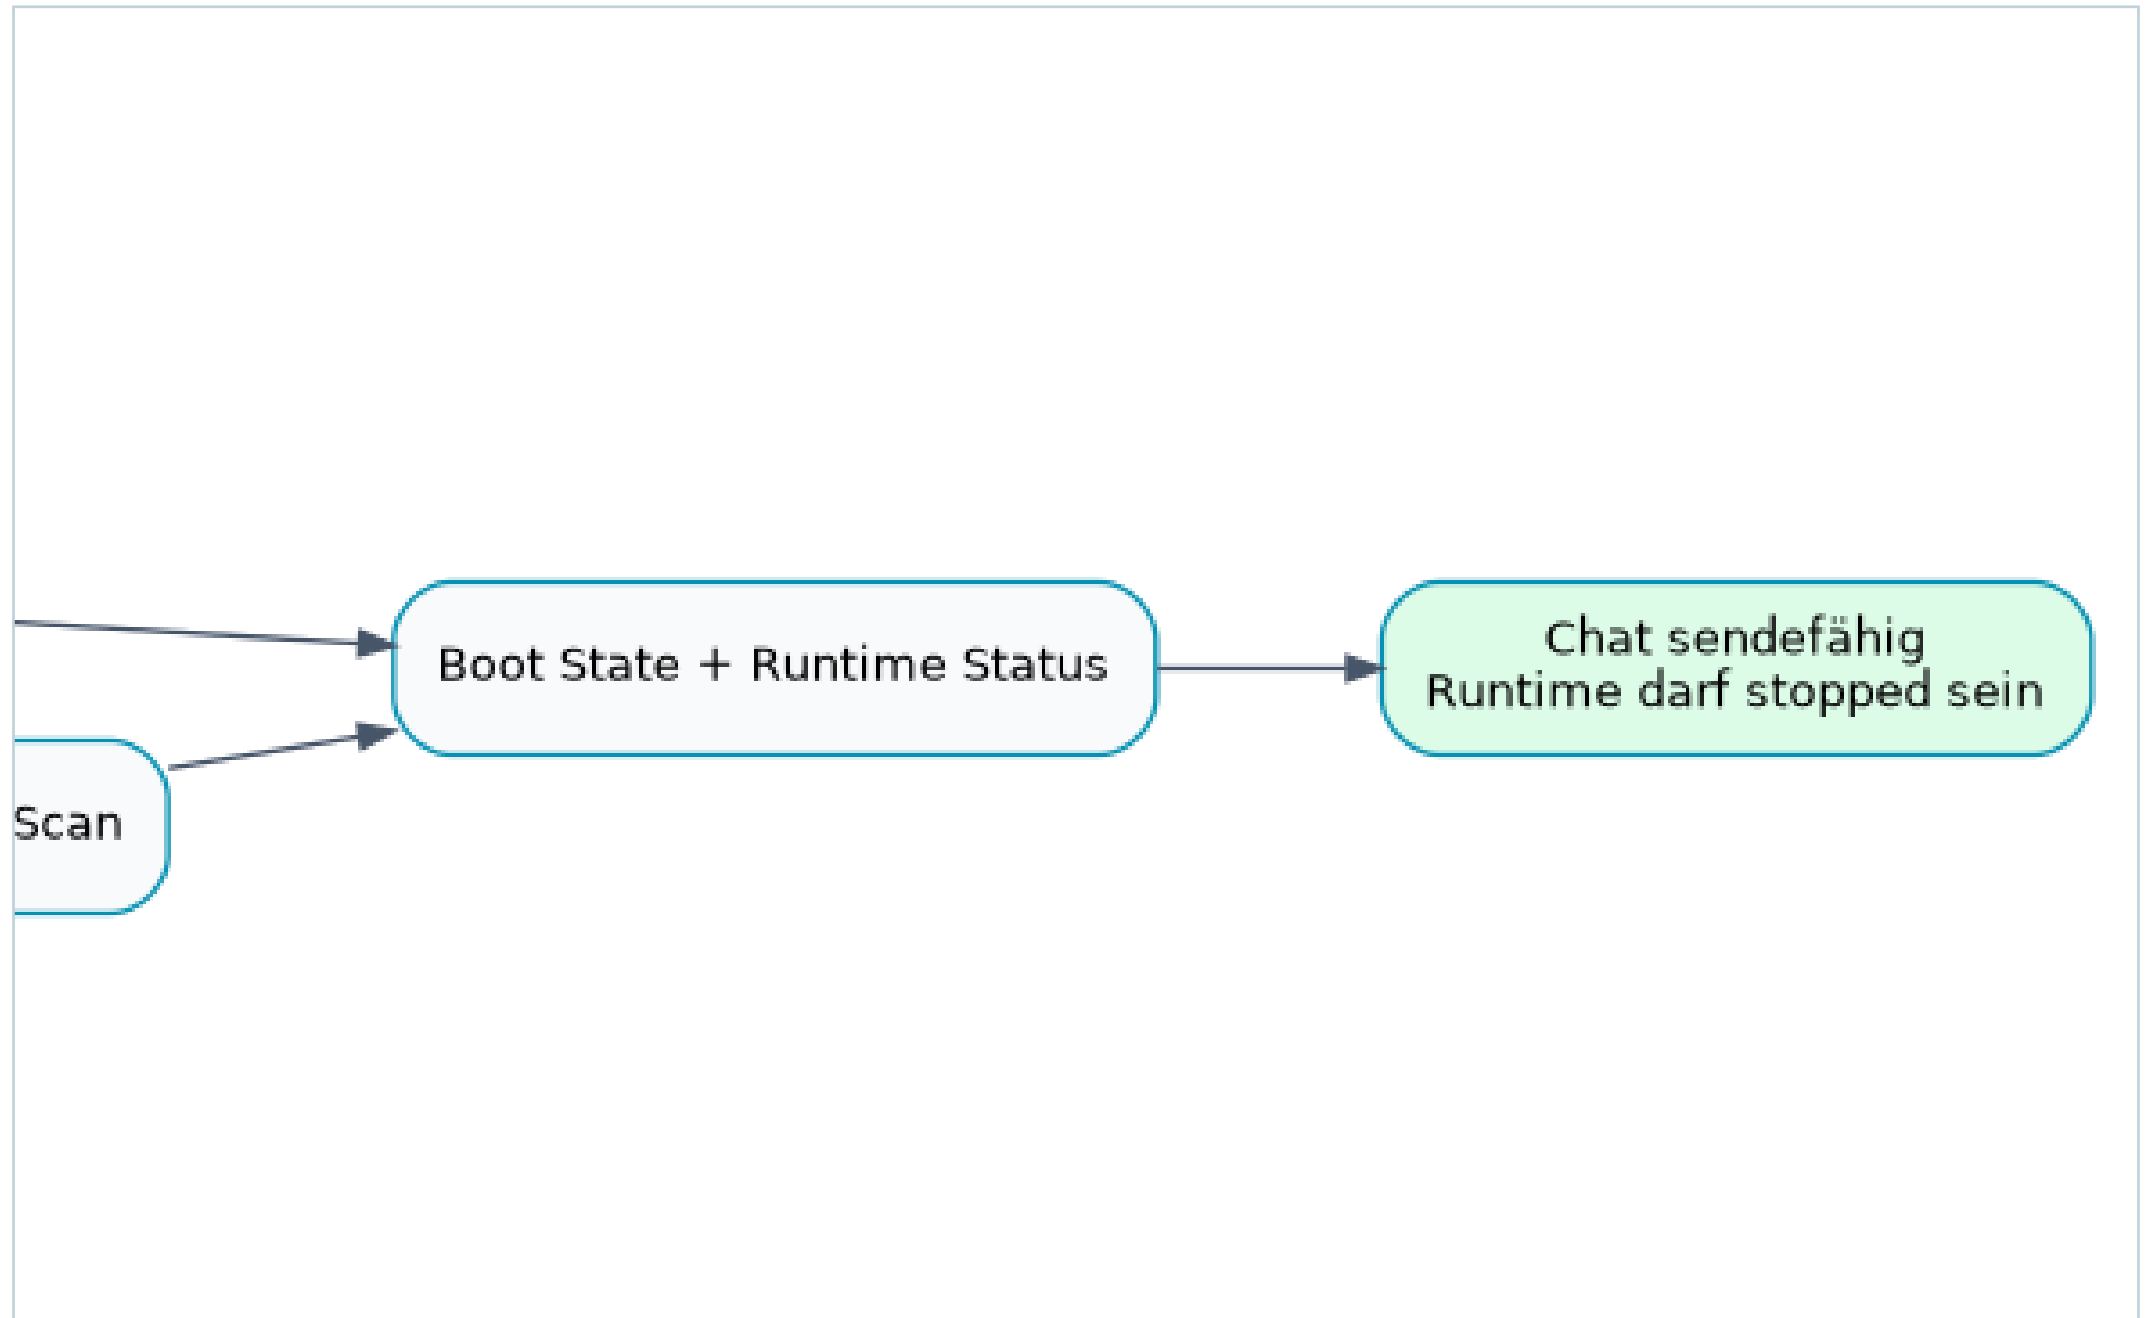

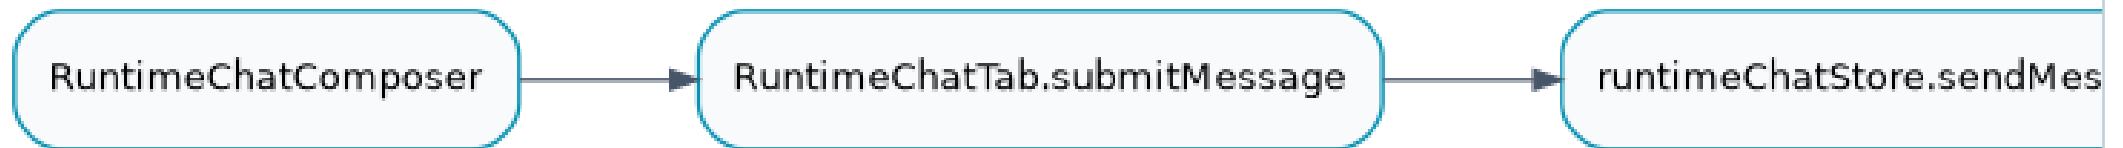

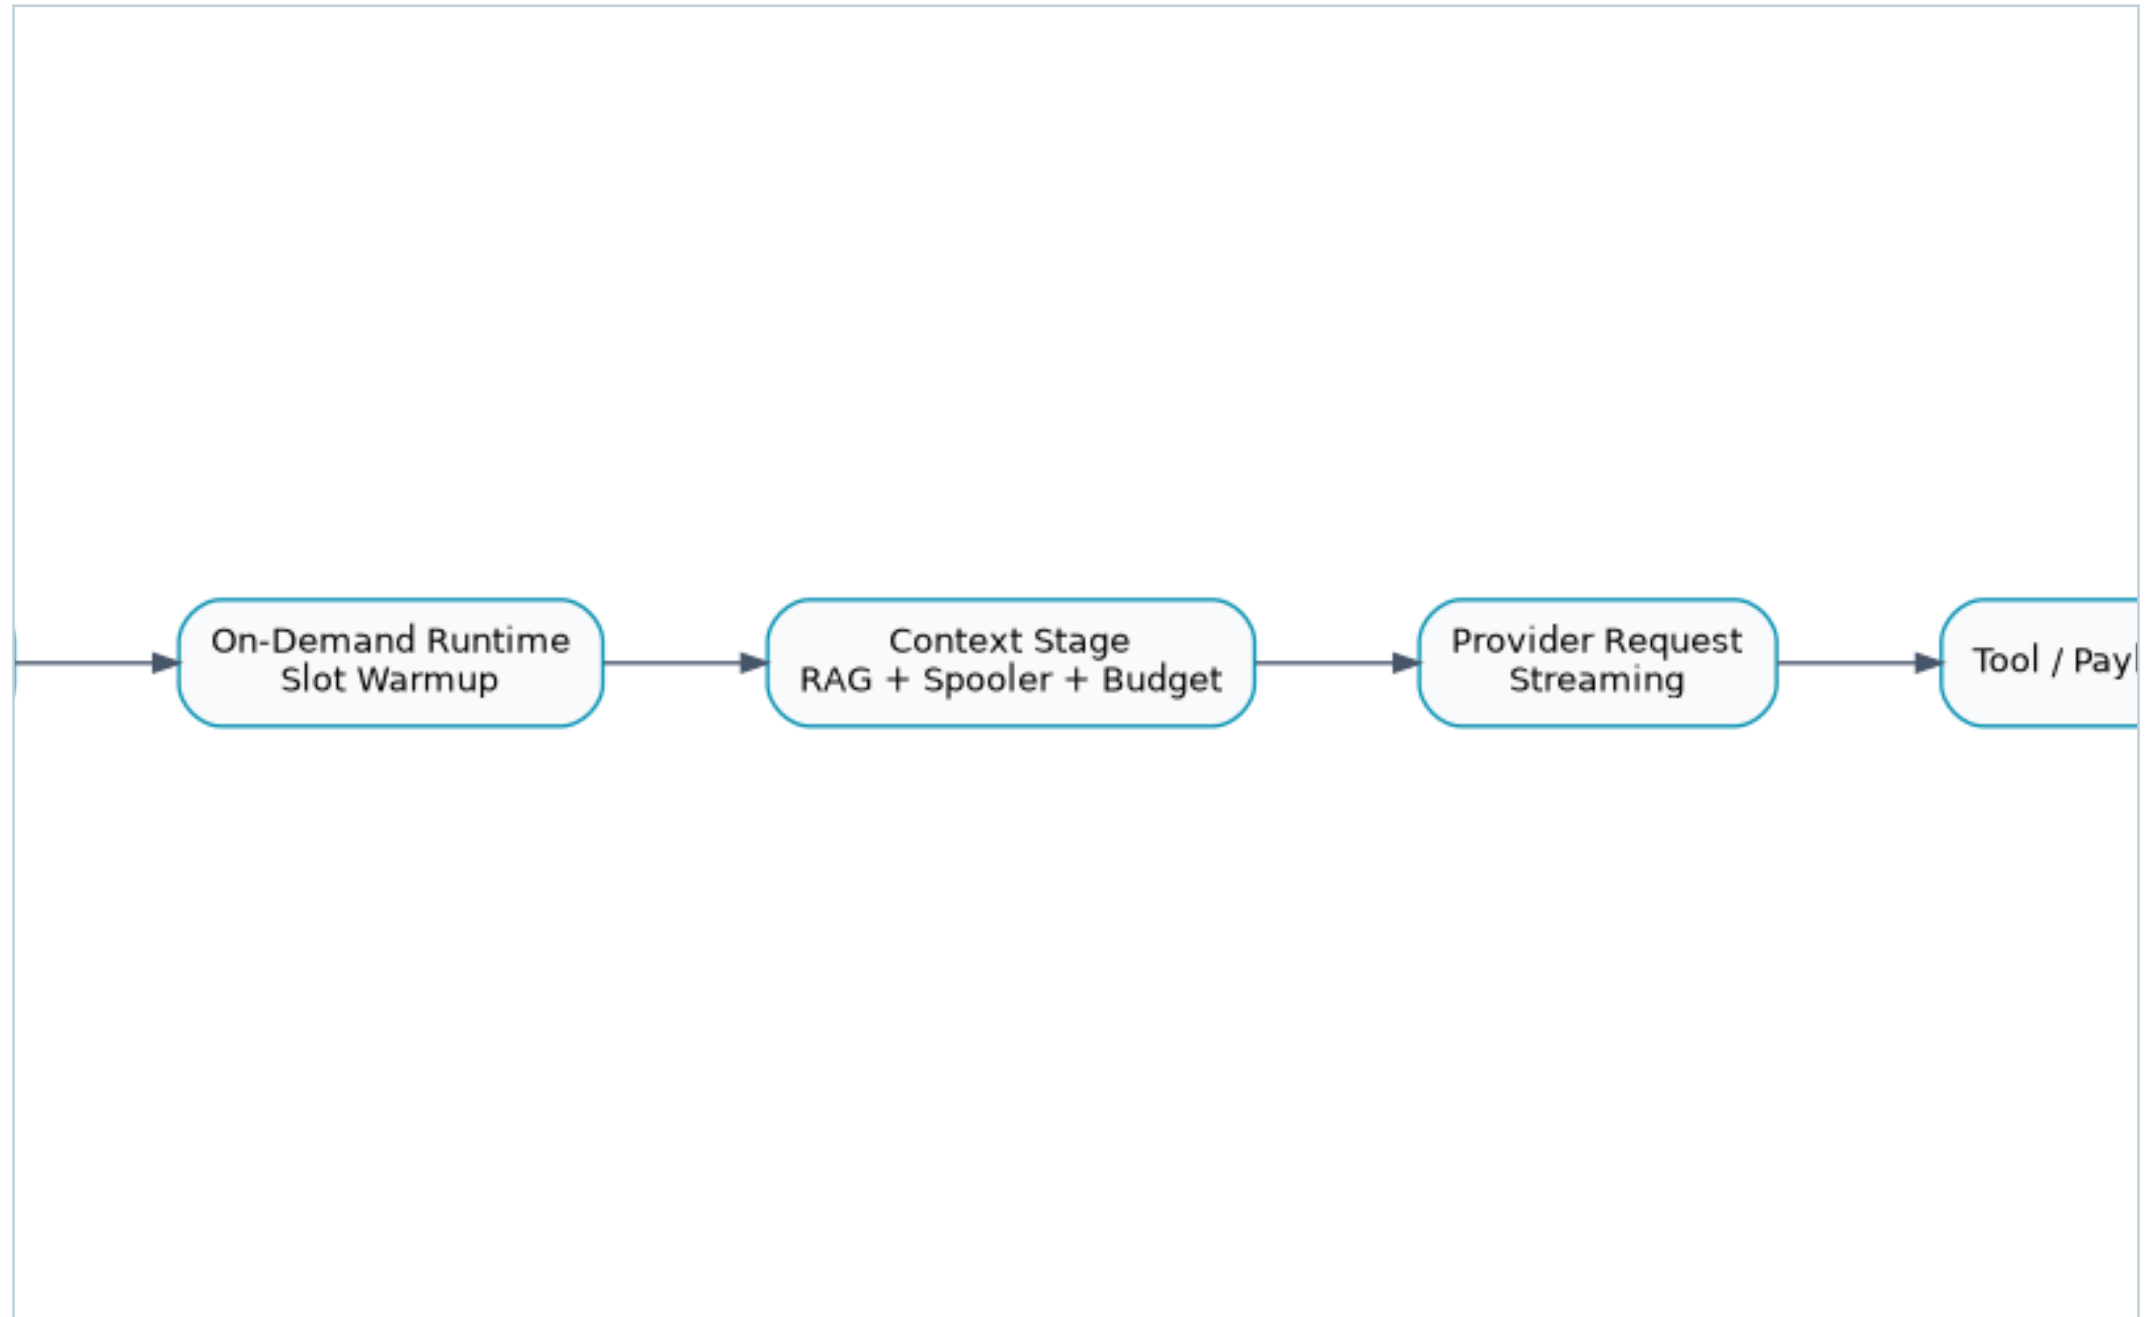

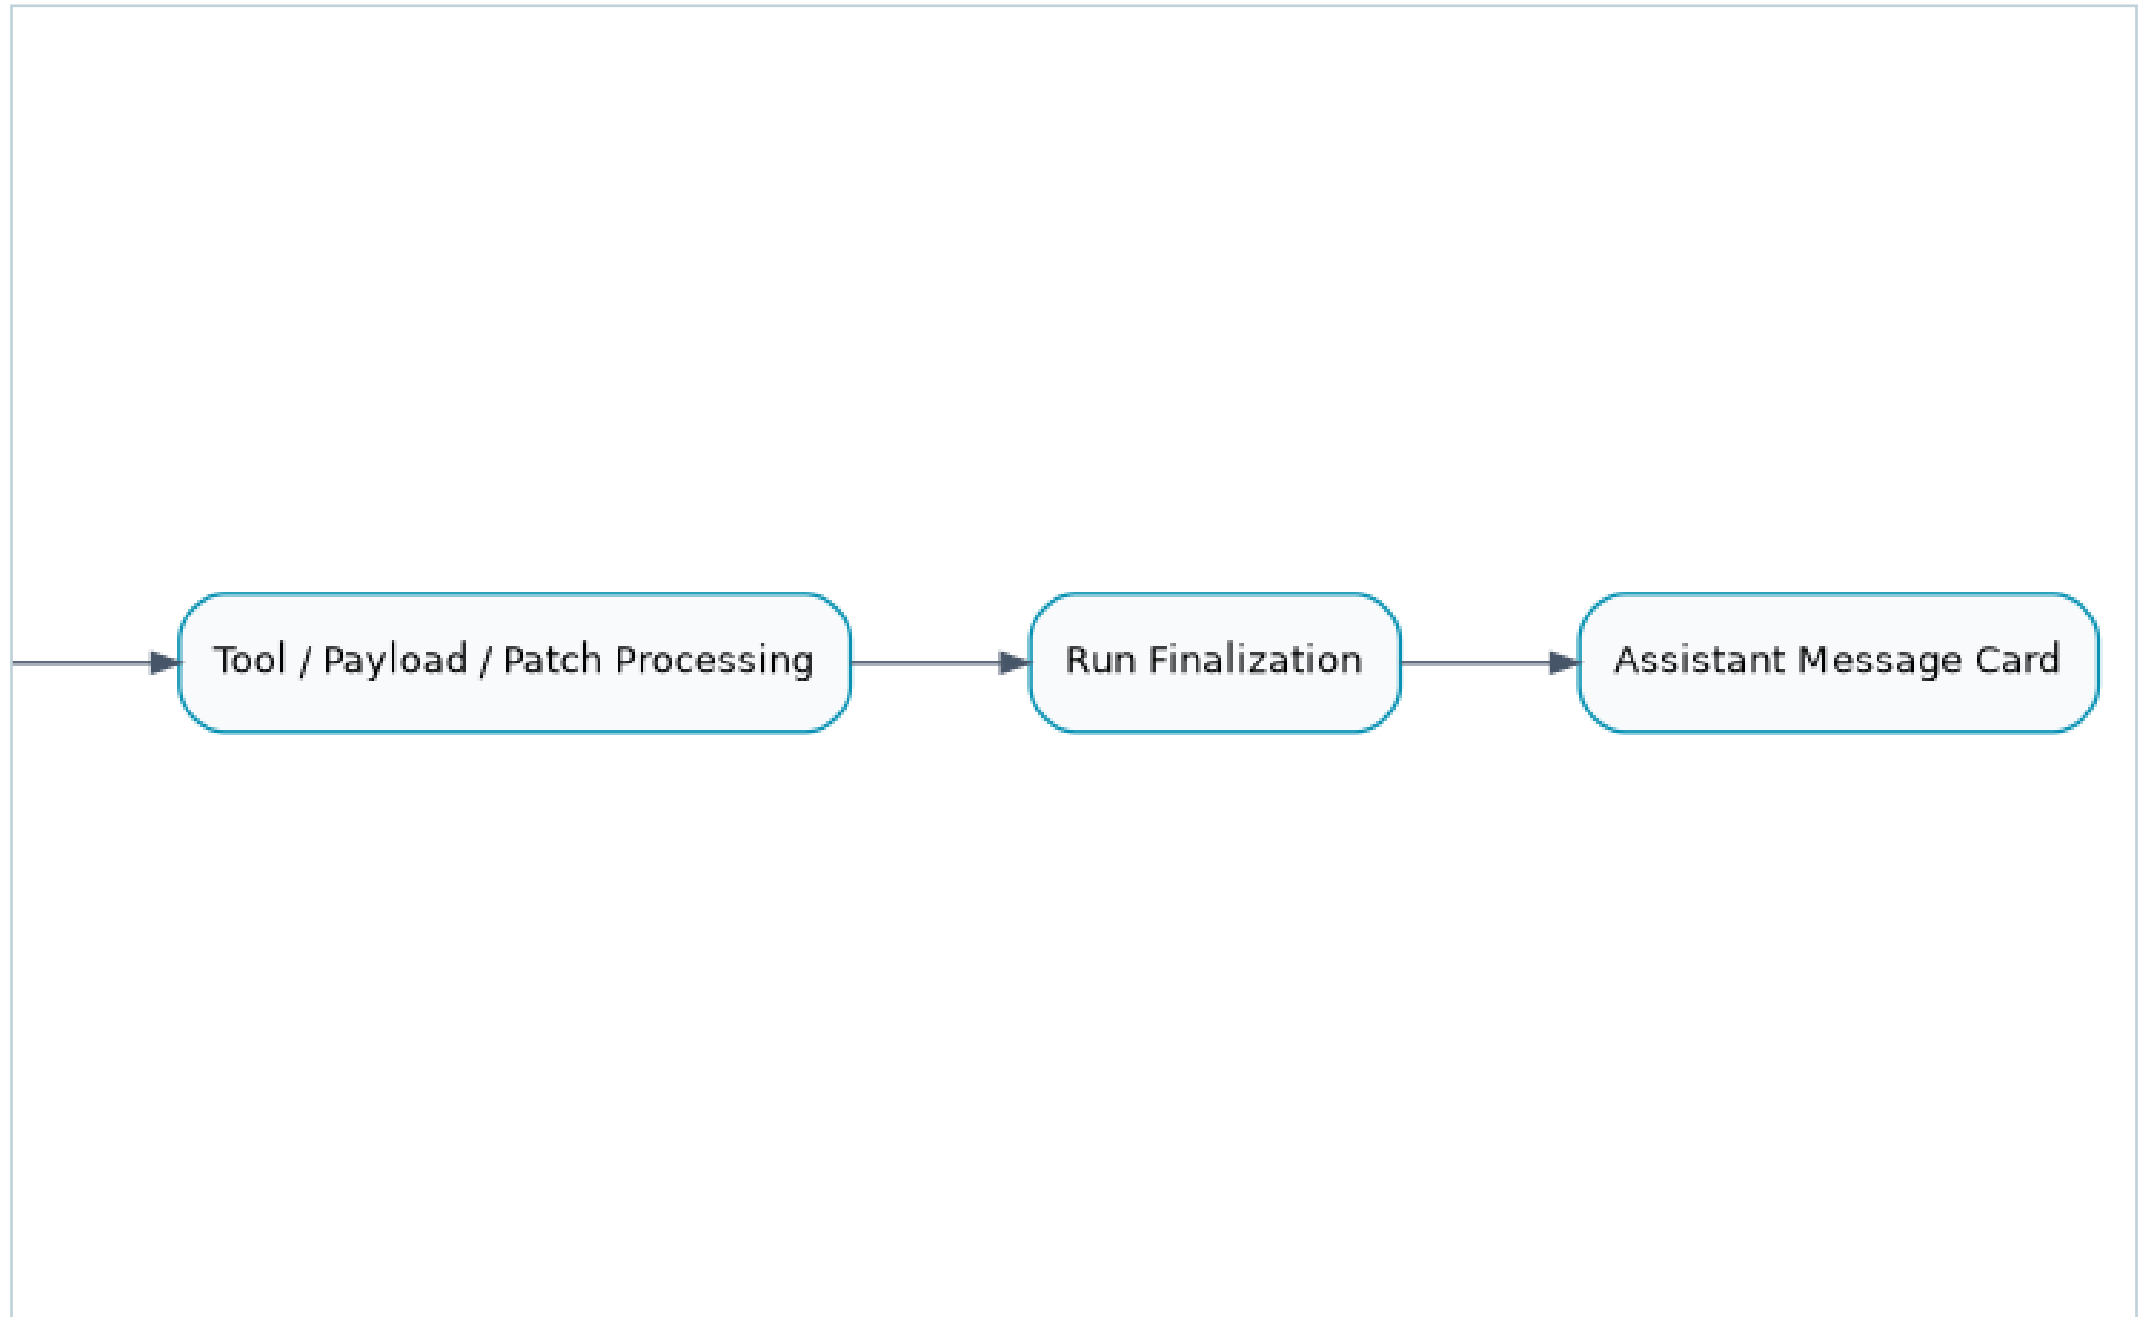

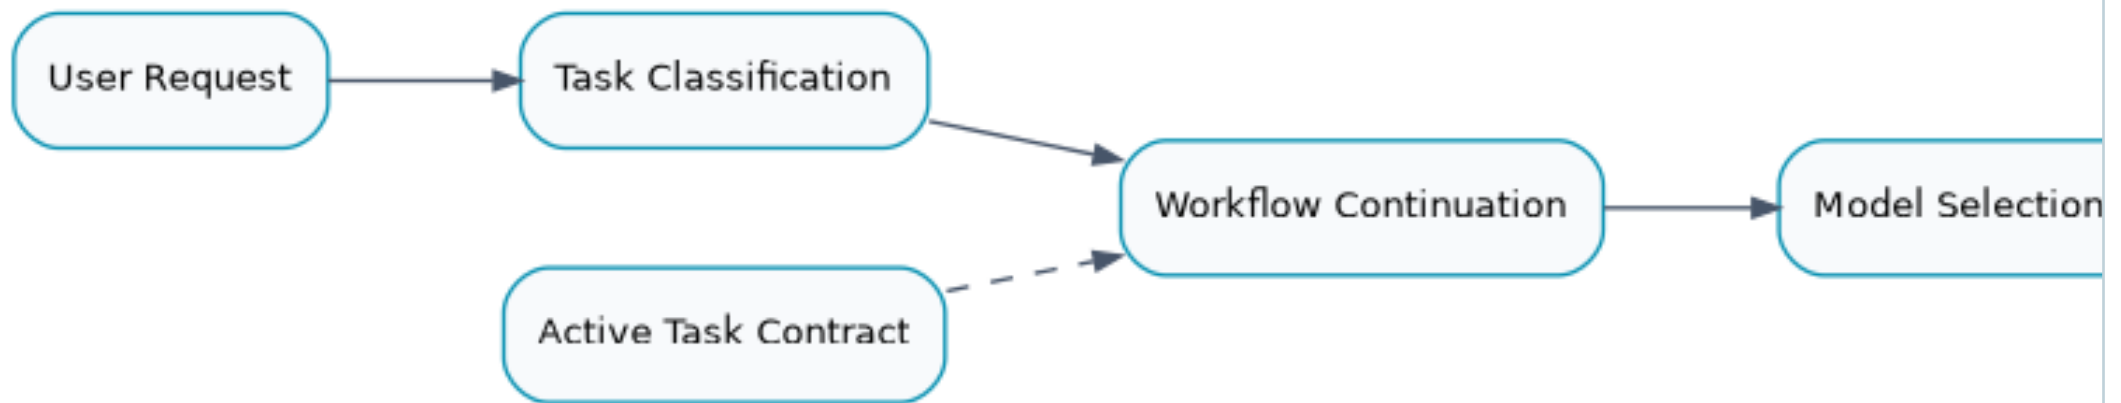

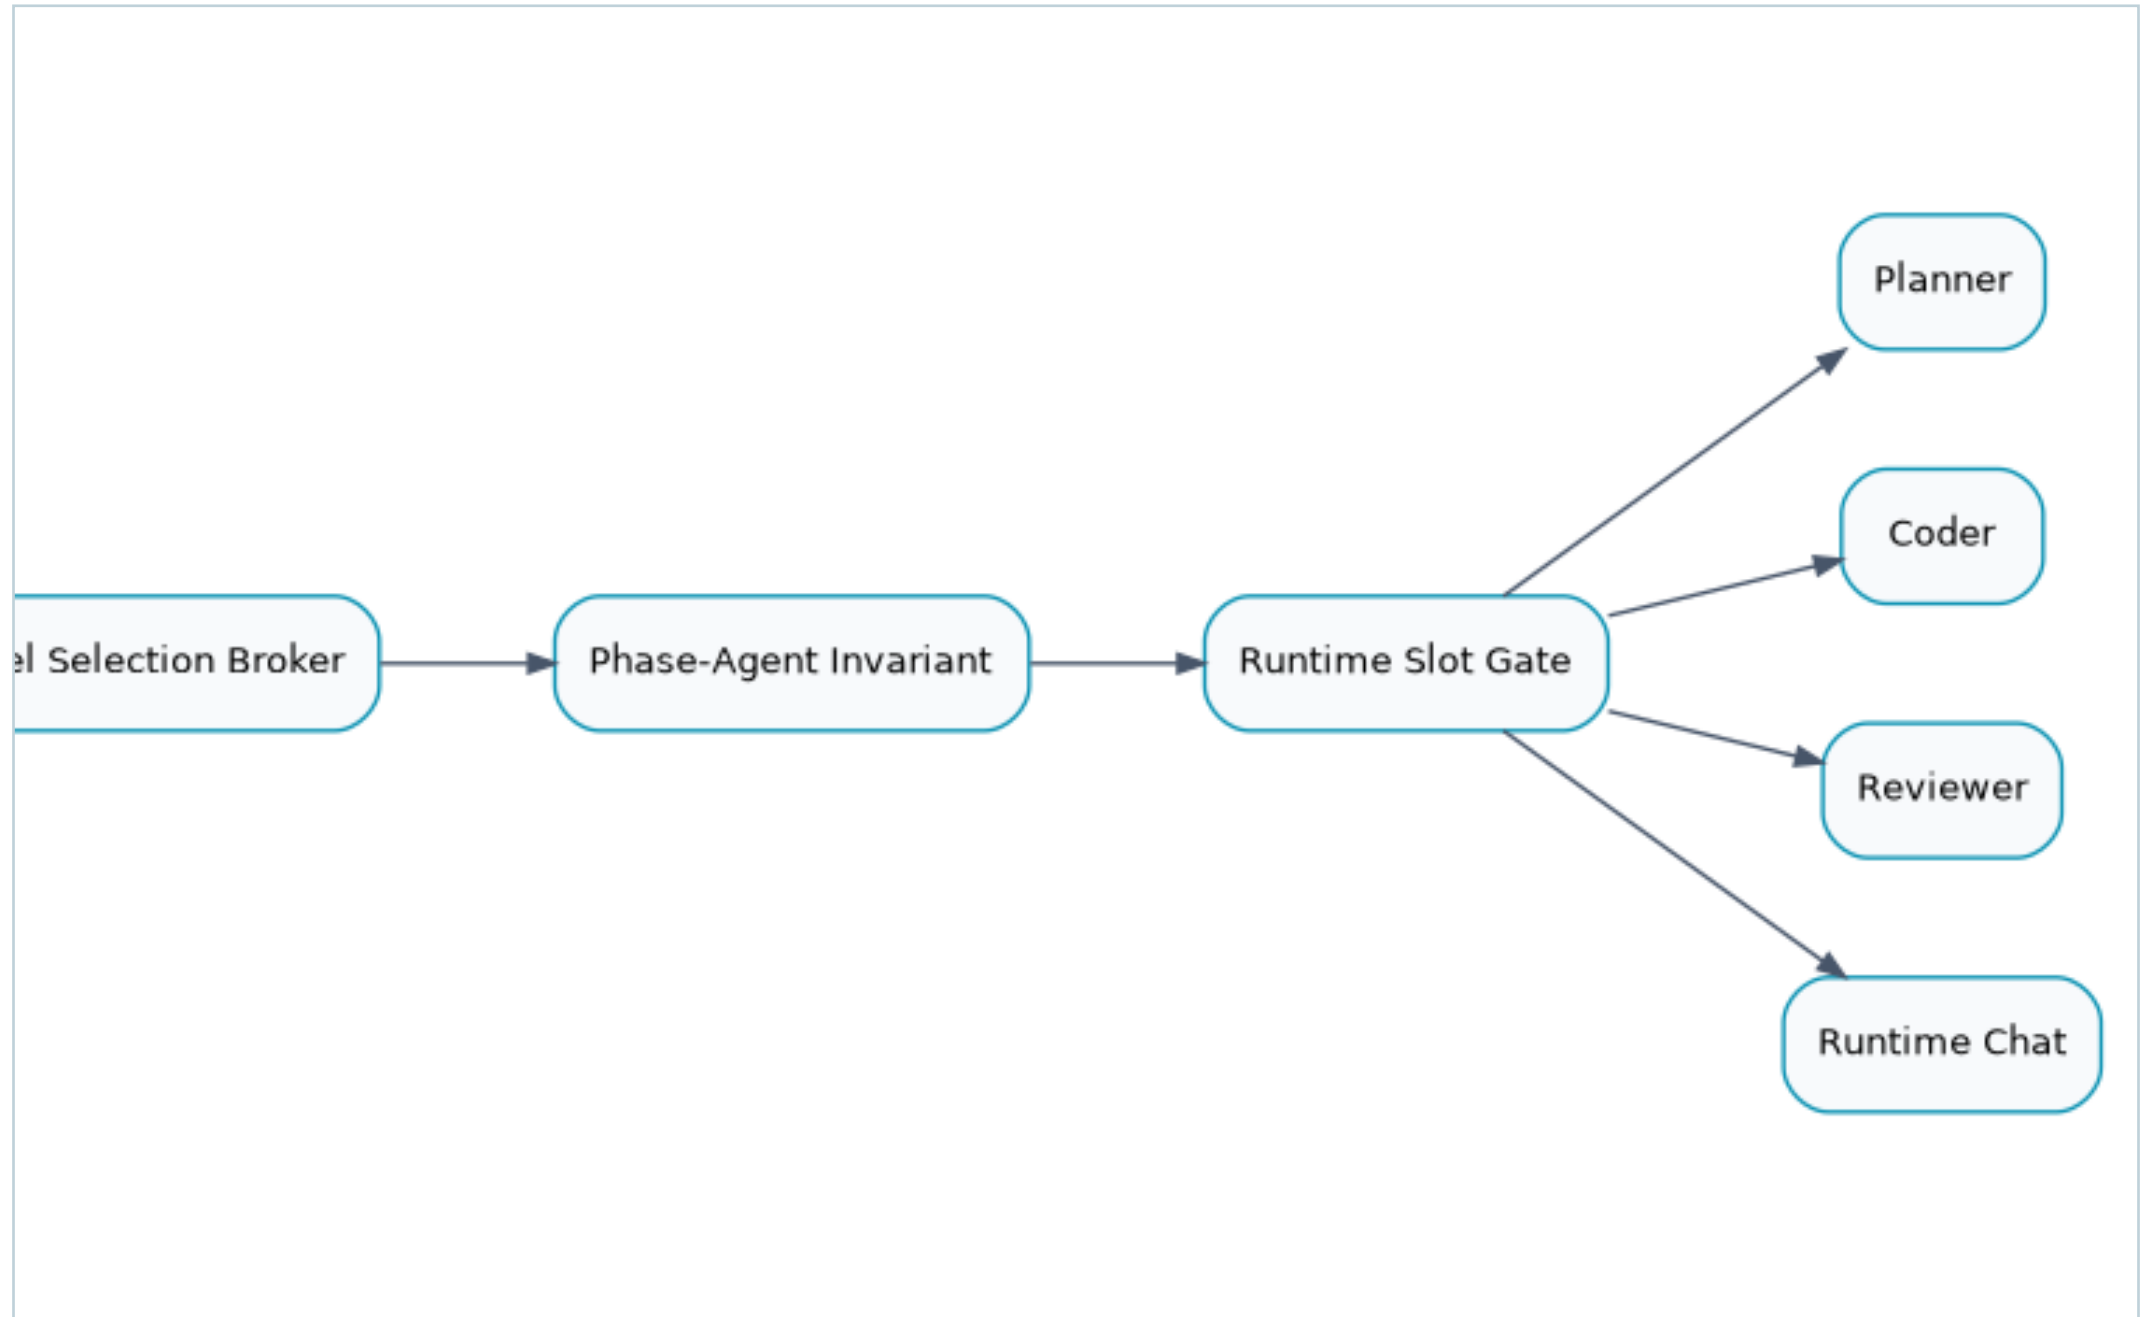

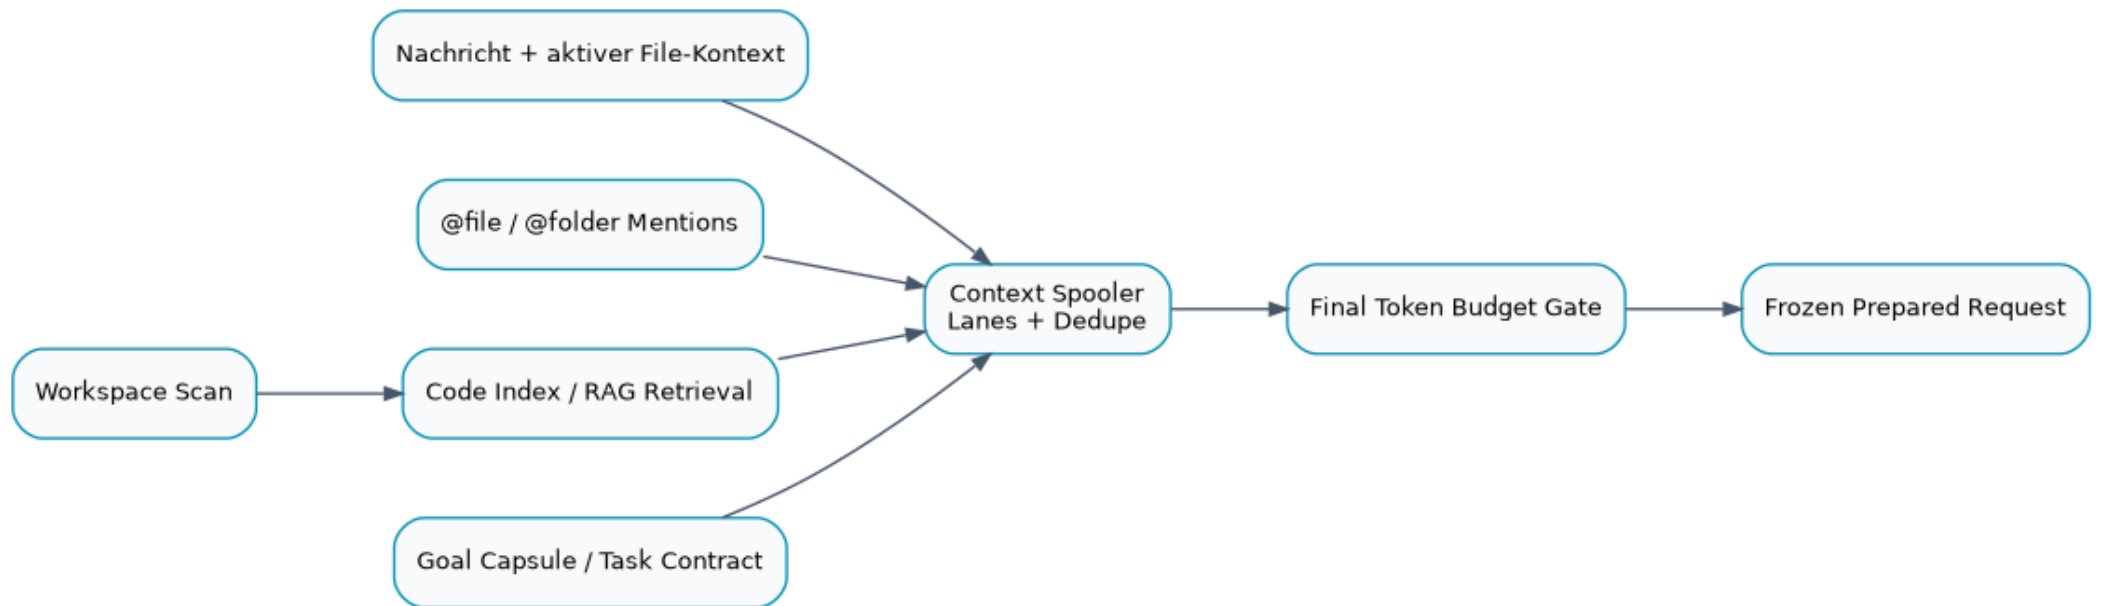

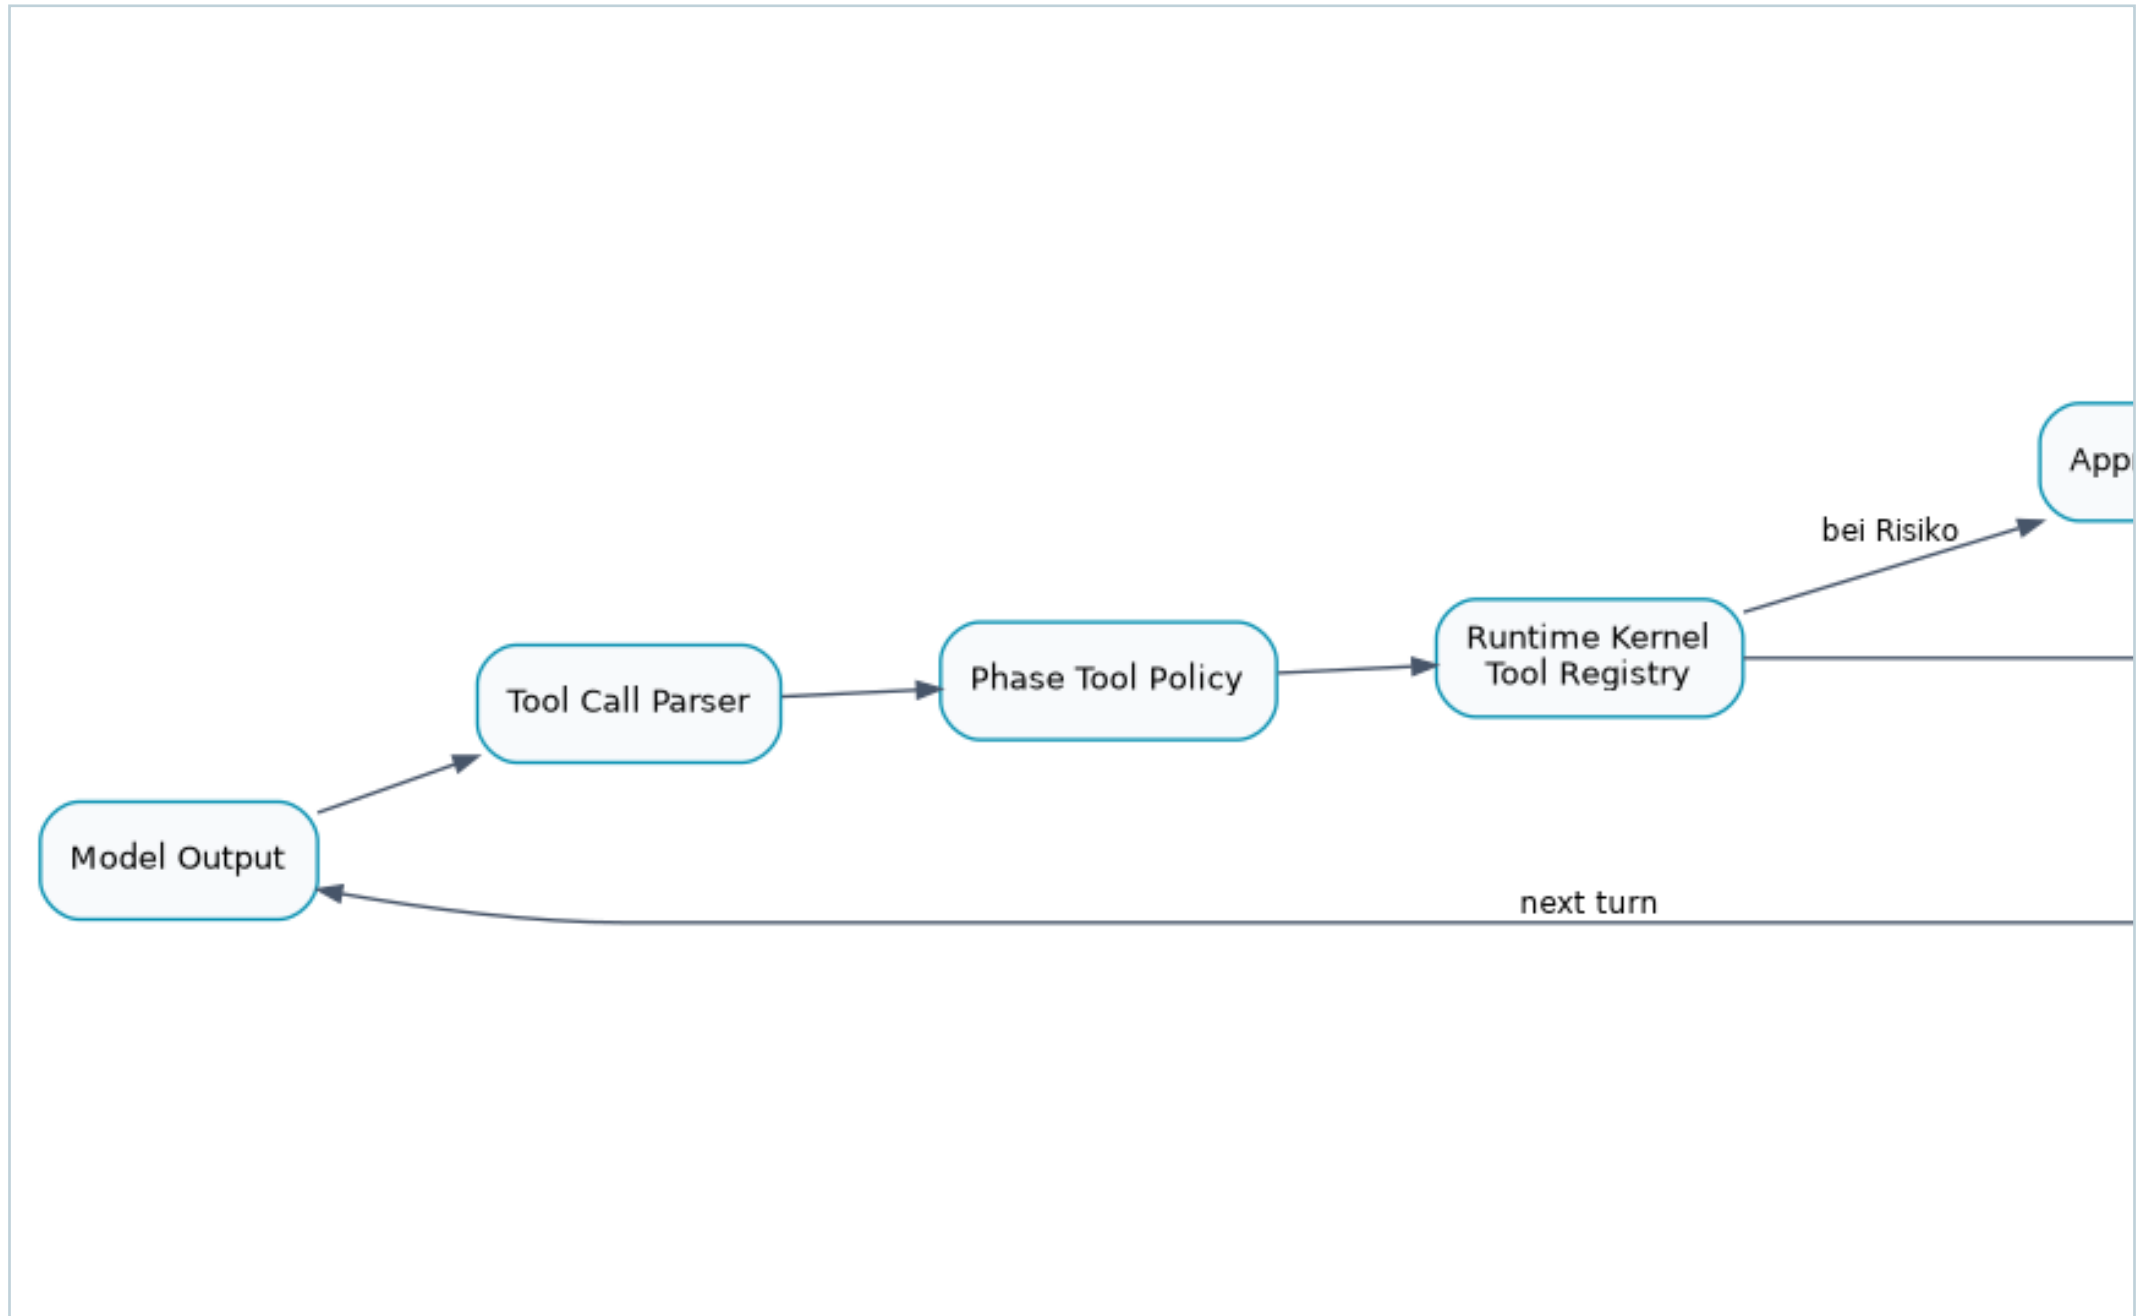

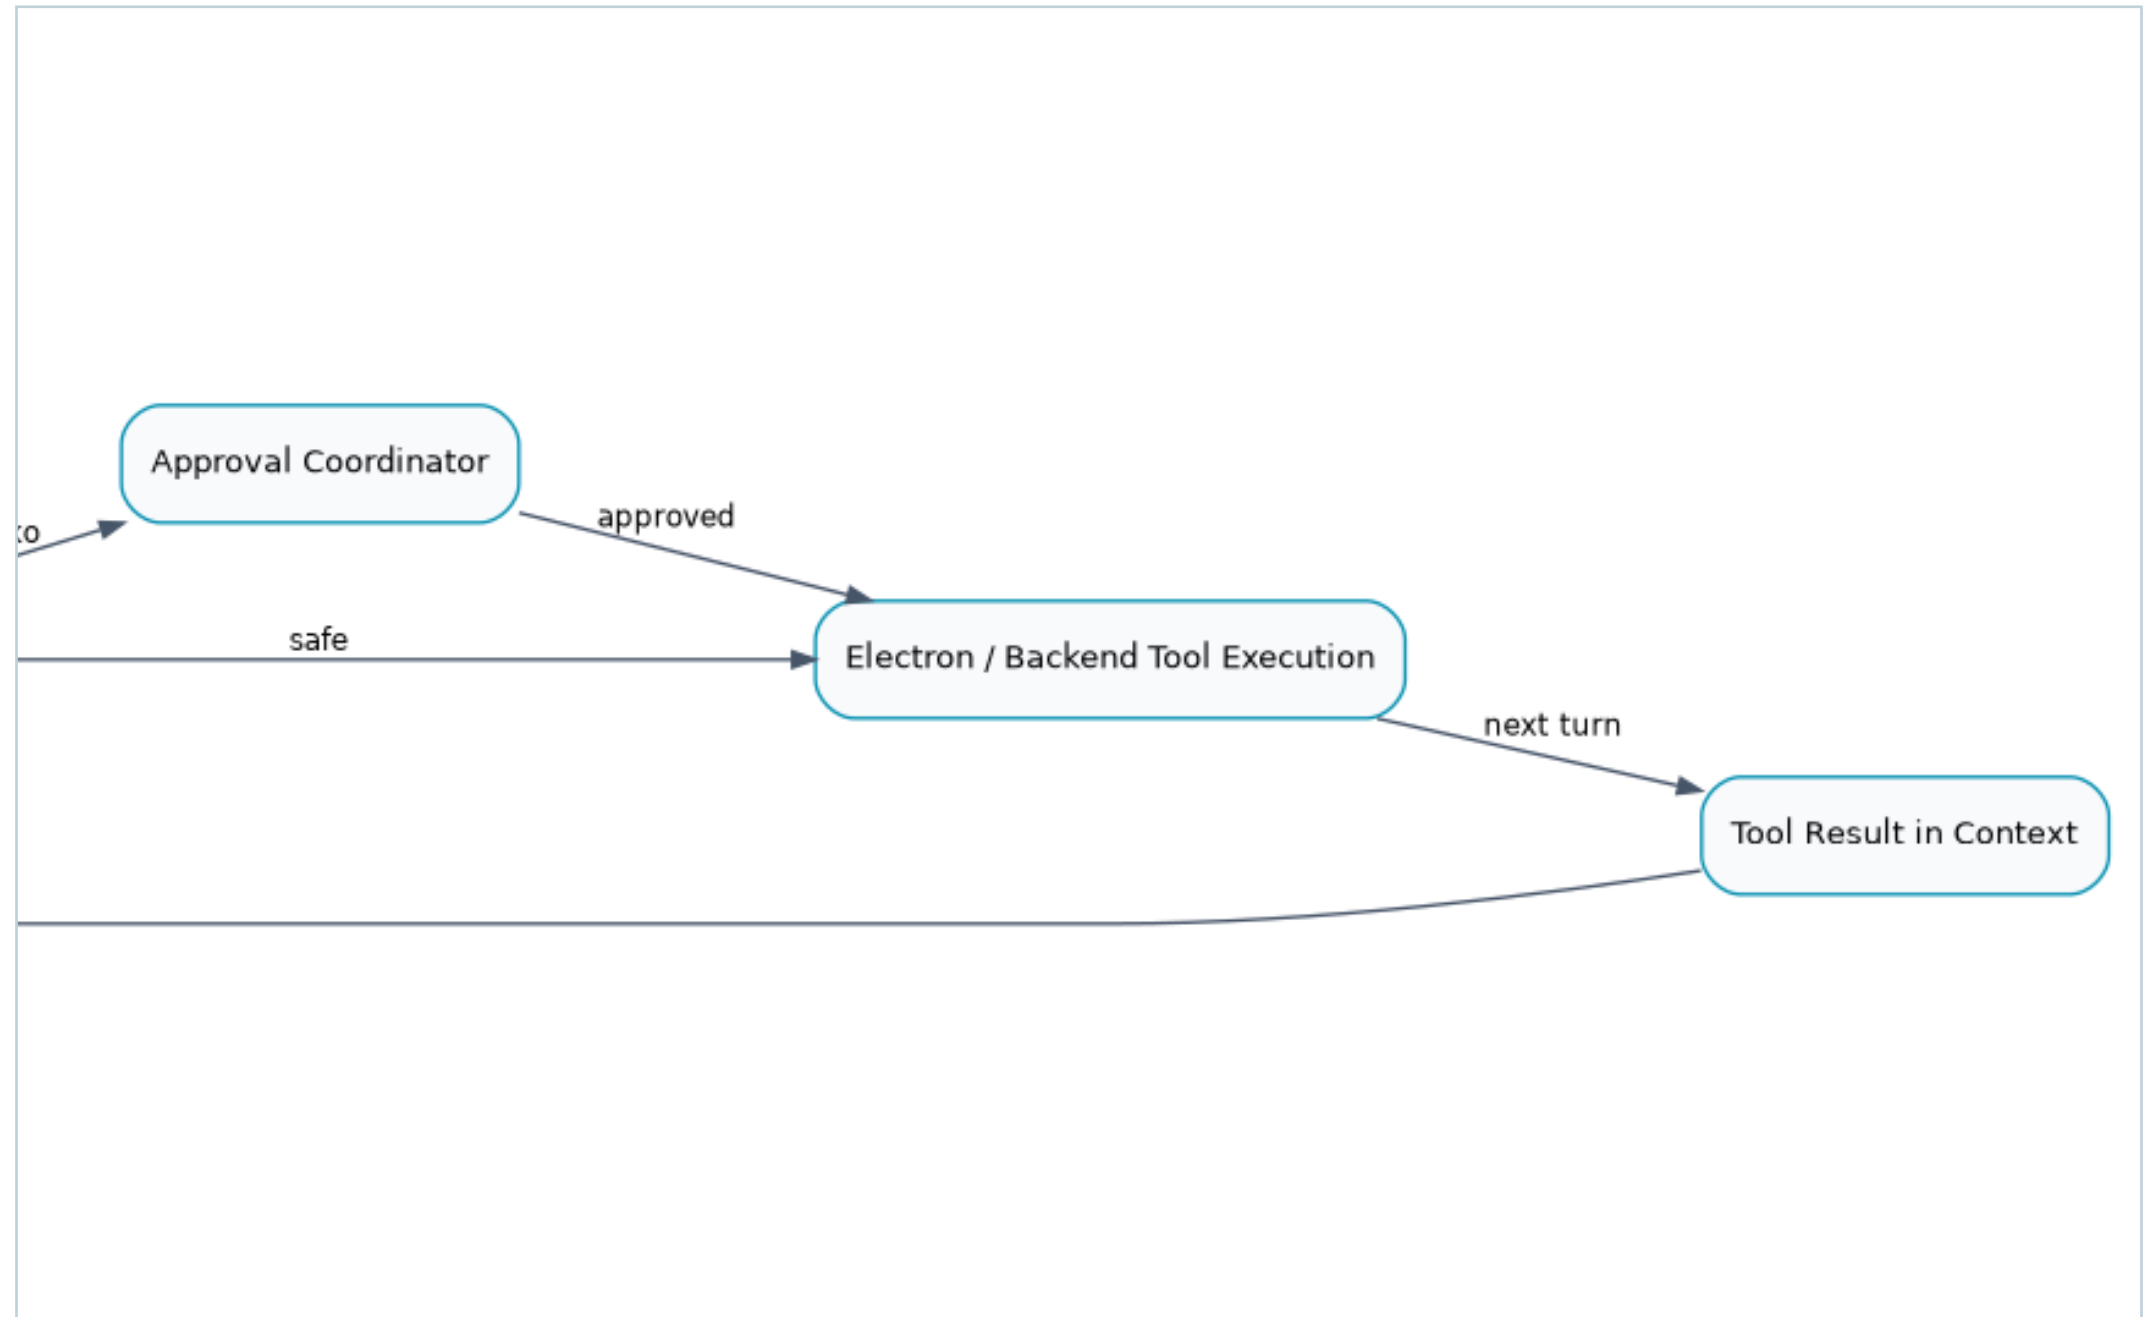

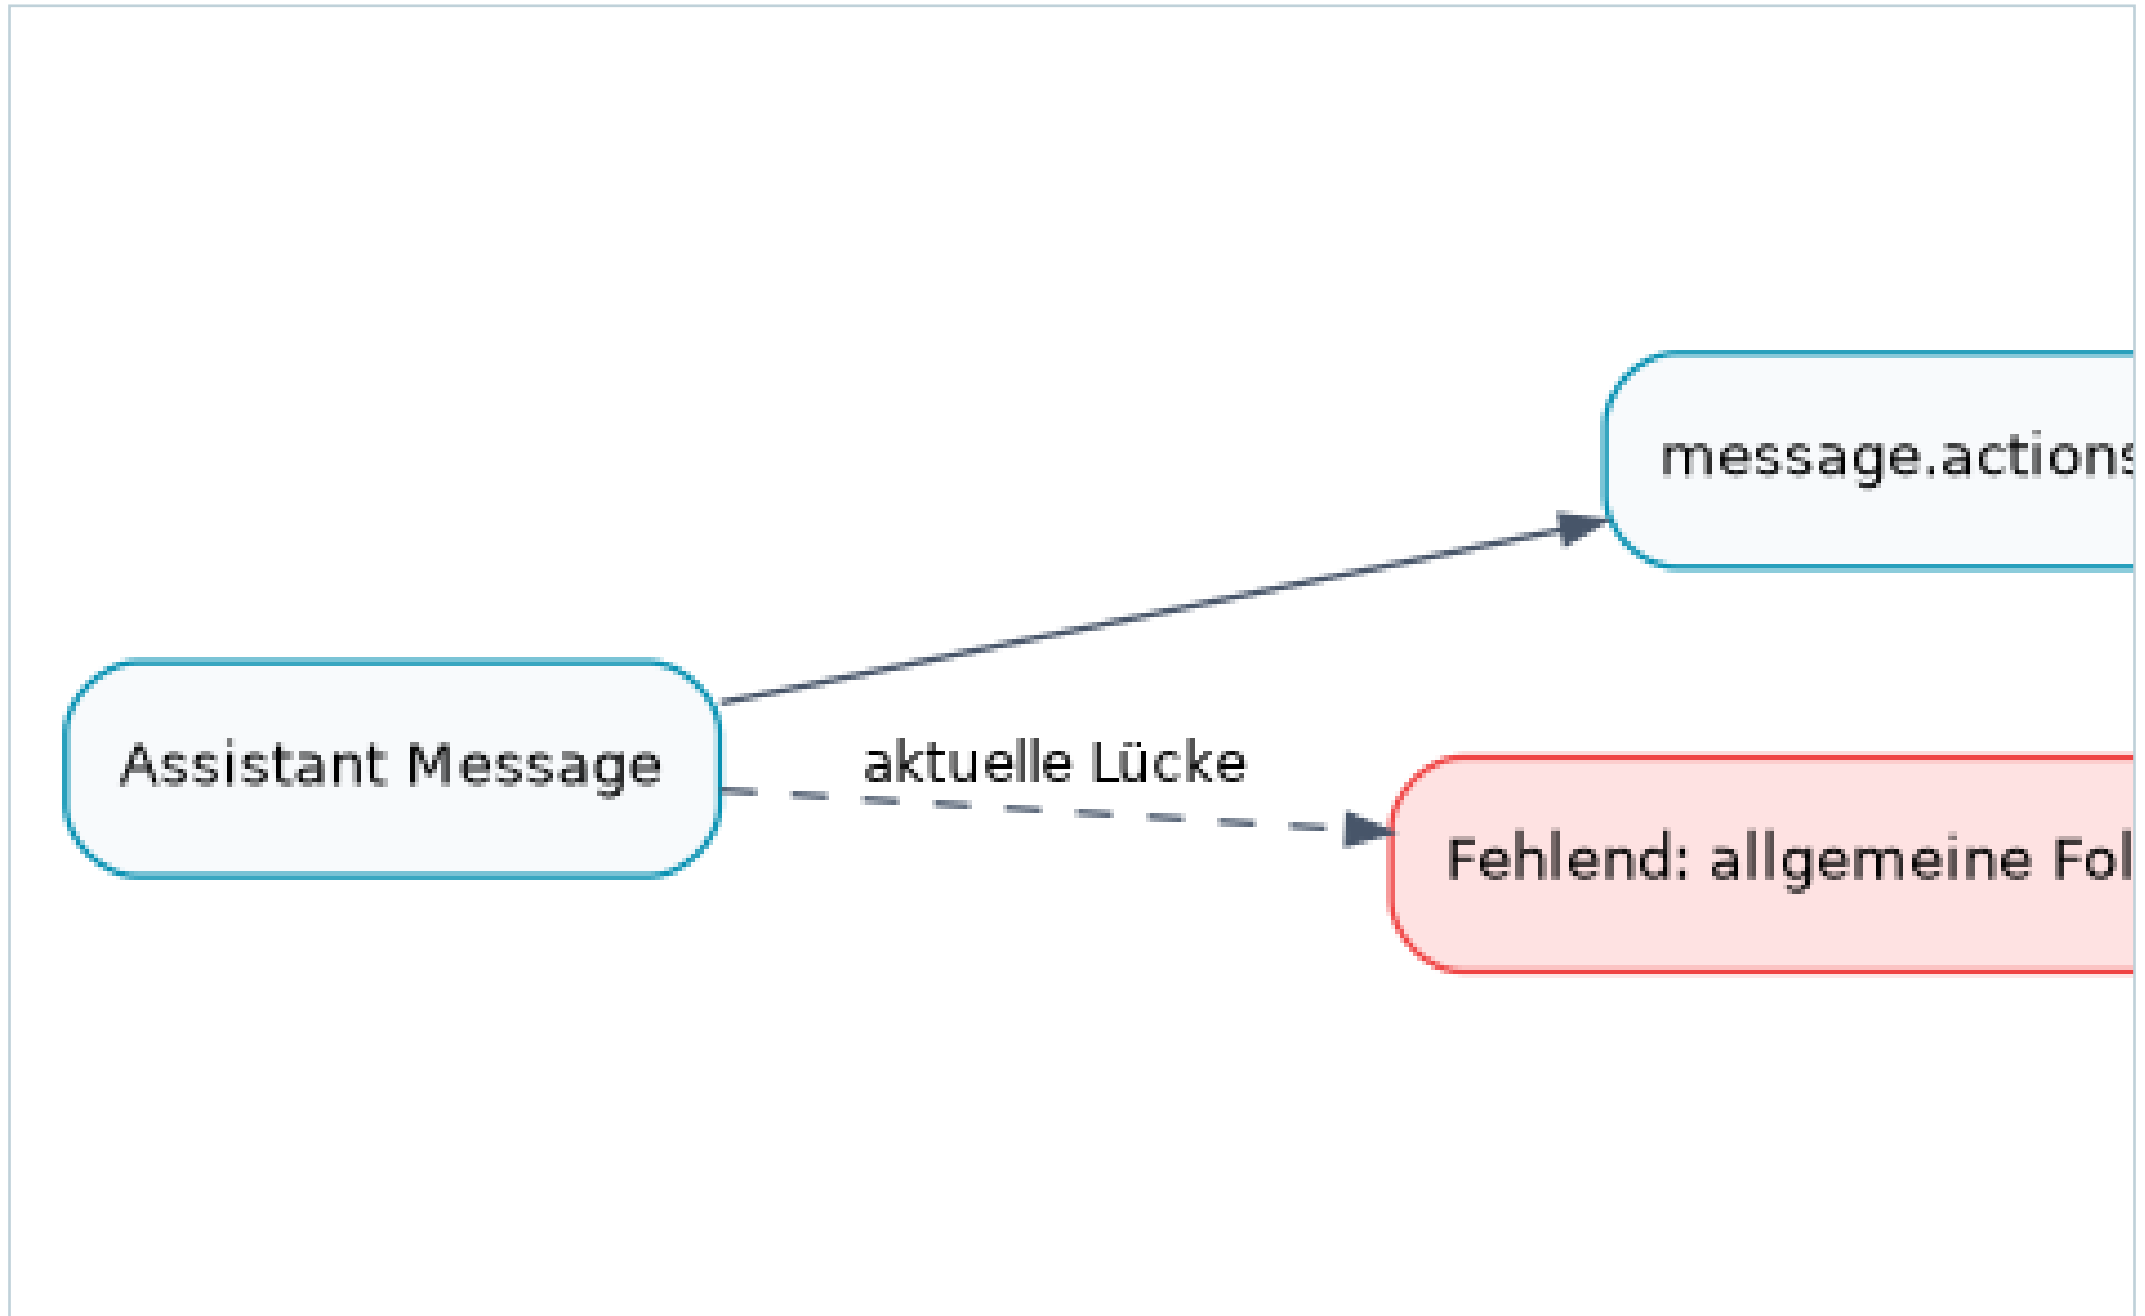

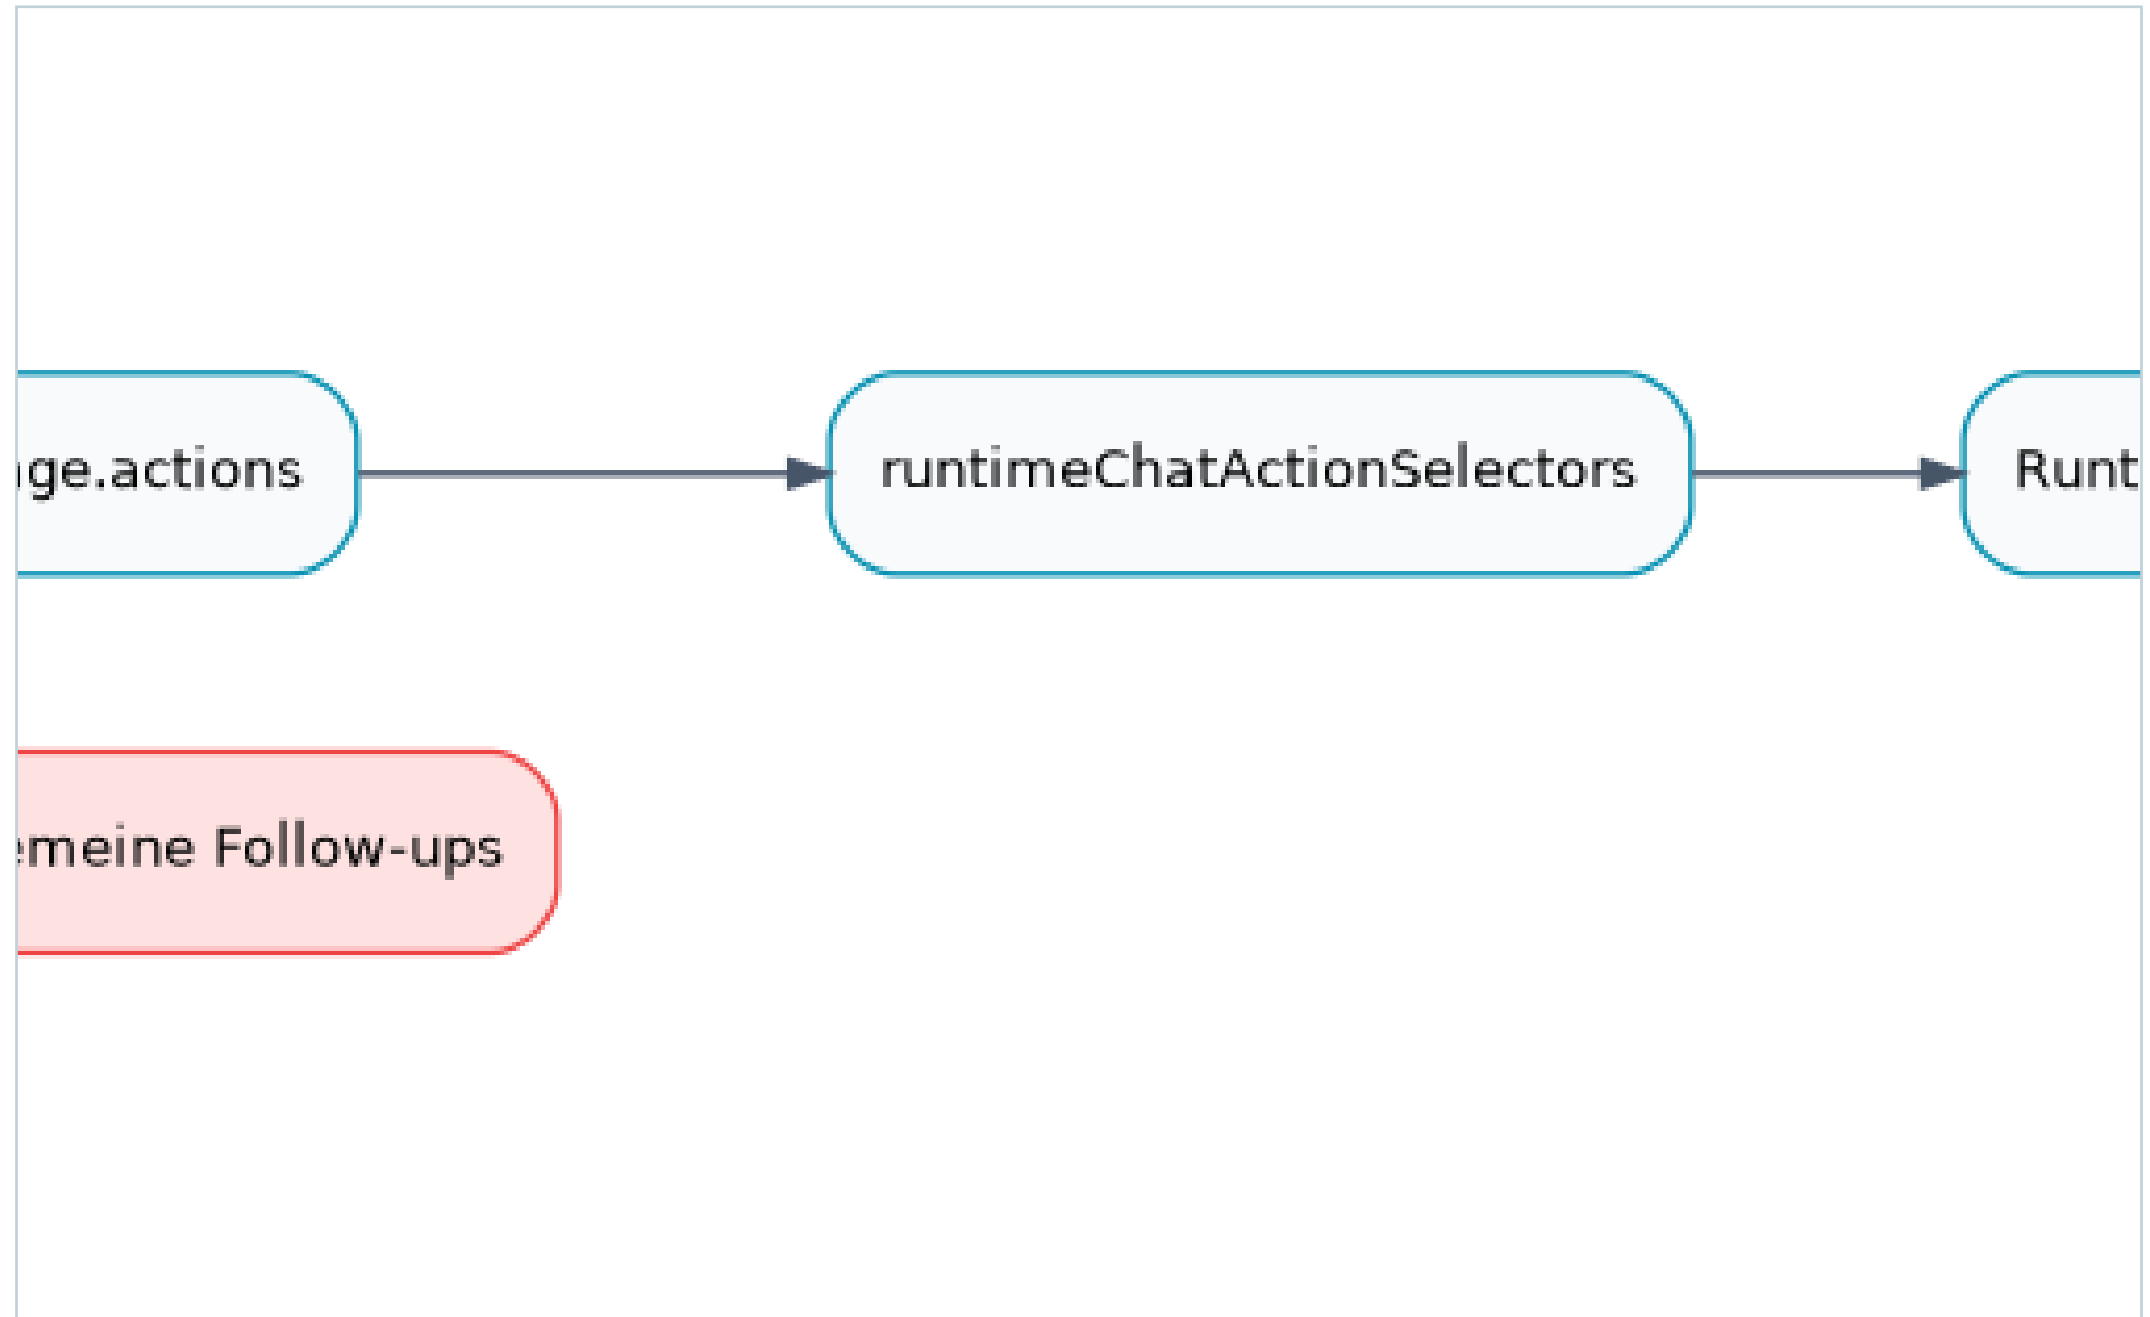

06 - Kontext-, RAG- und Tokenbudget-Pipeline

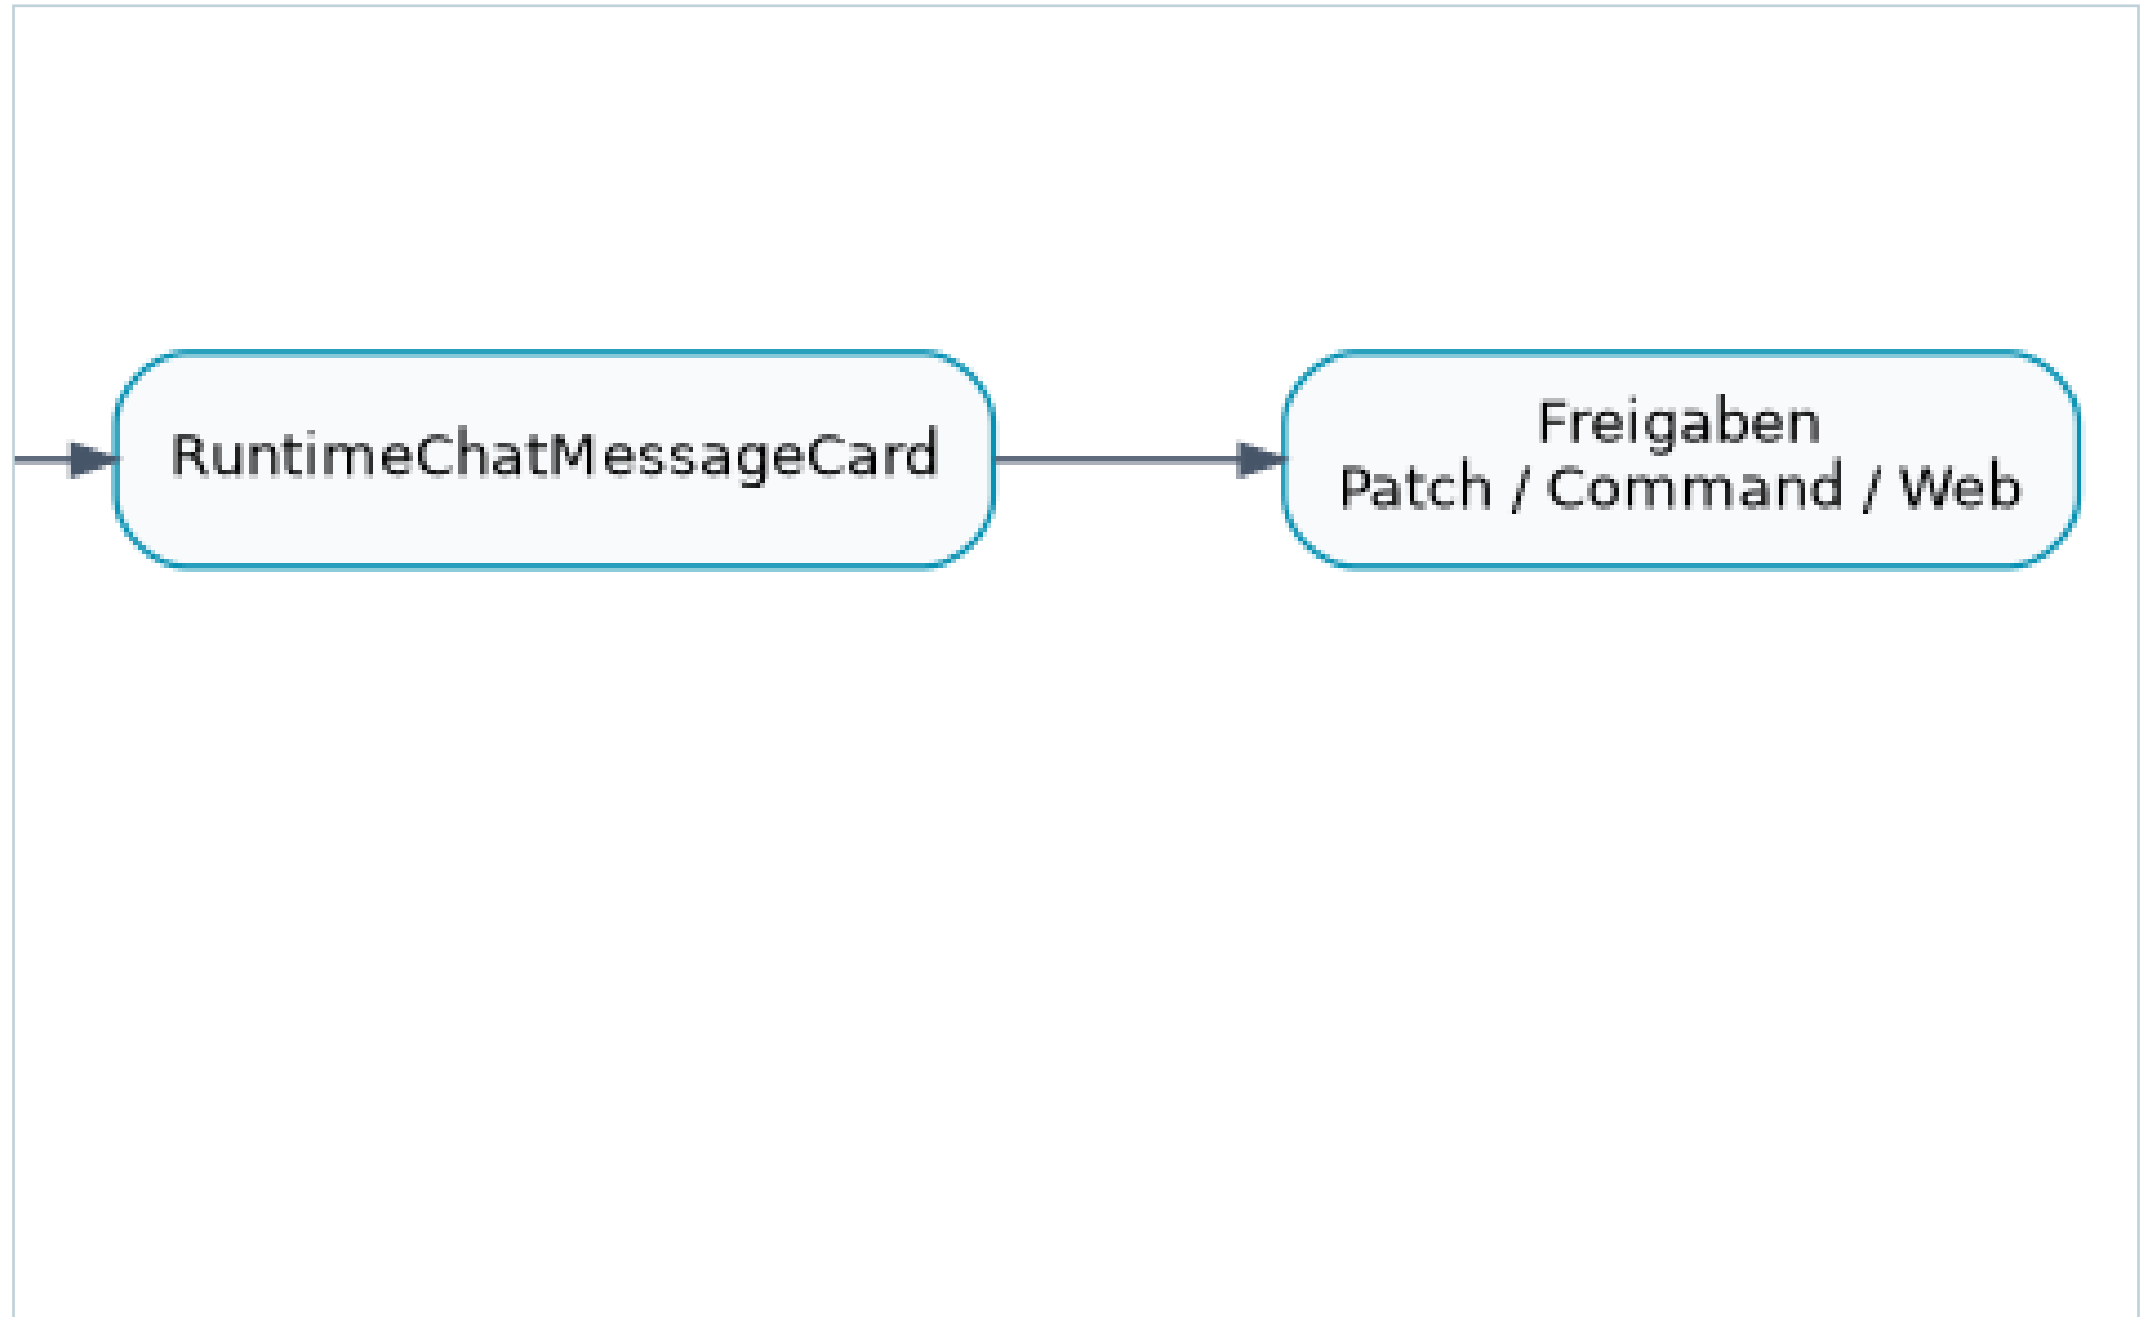

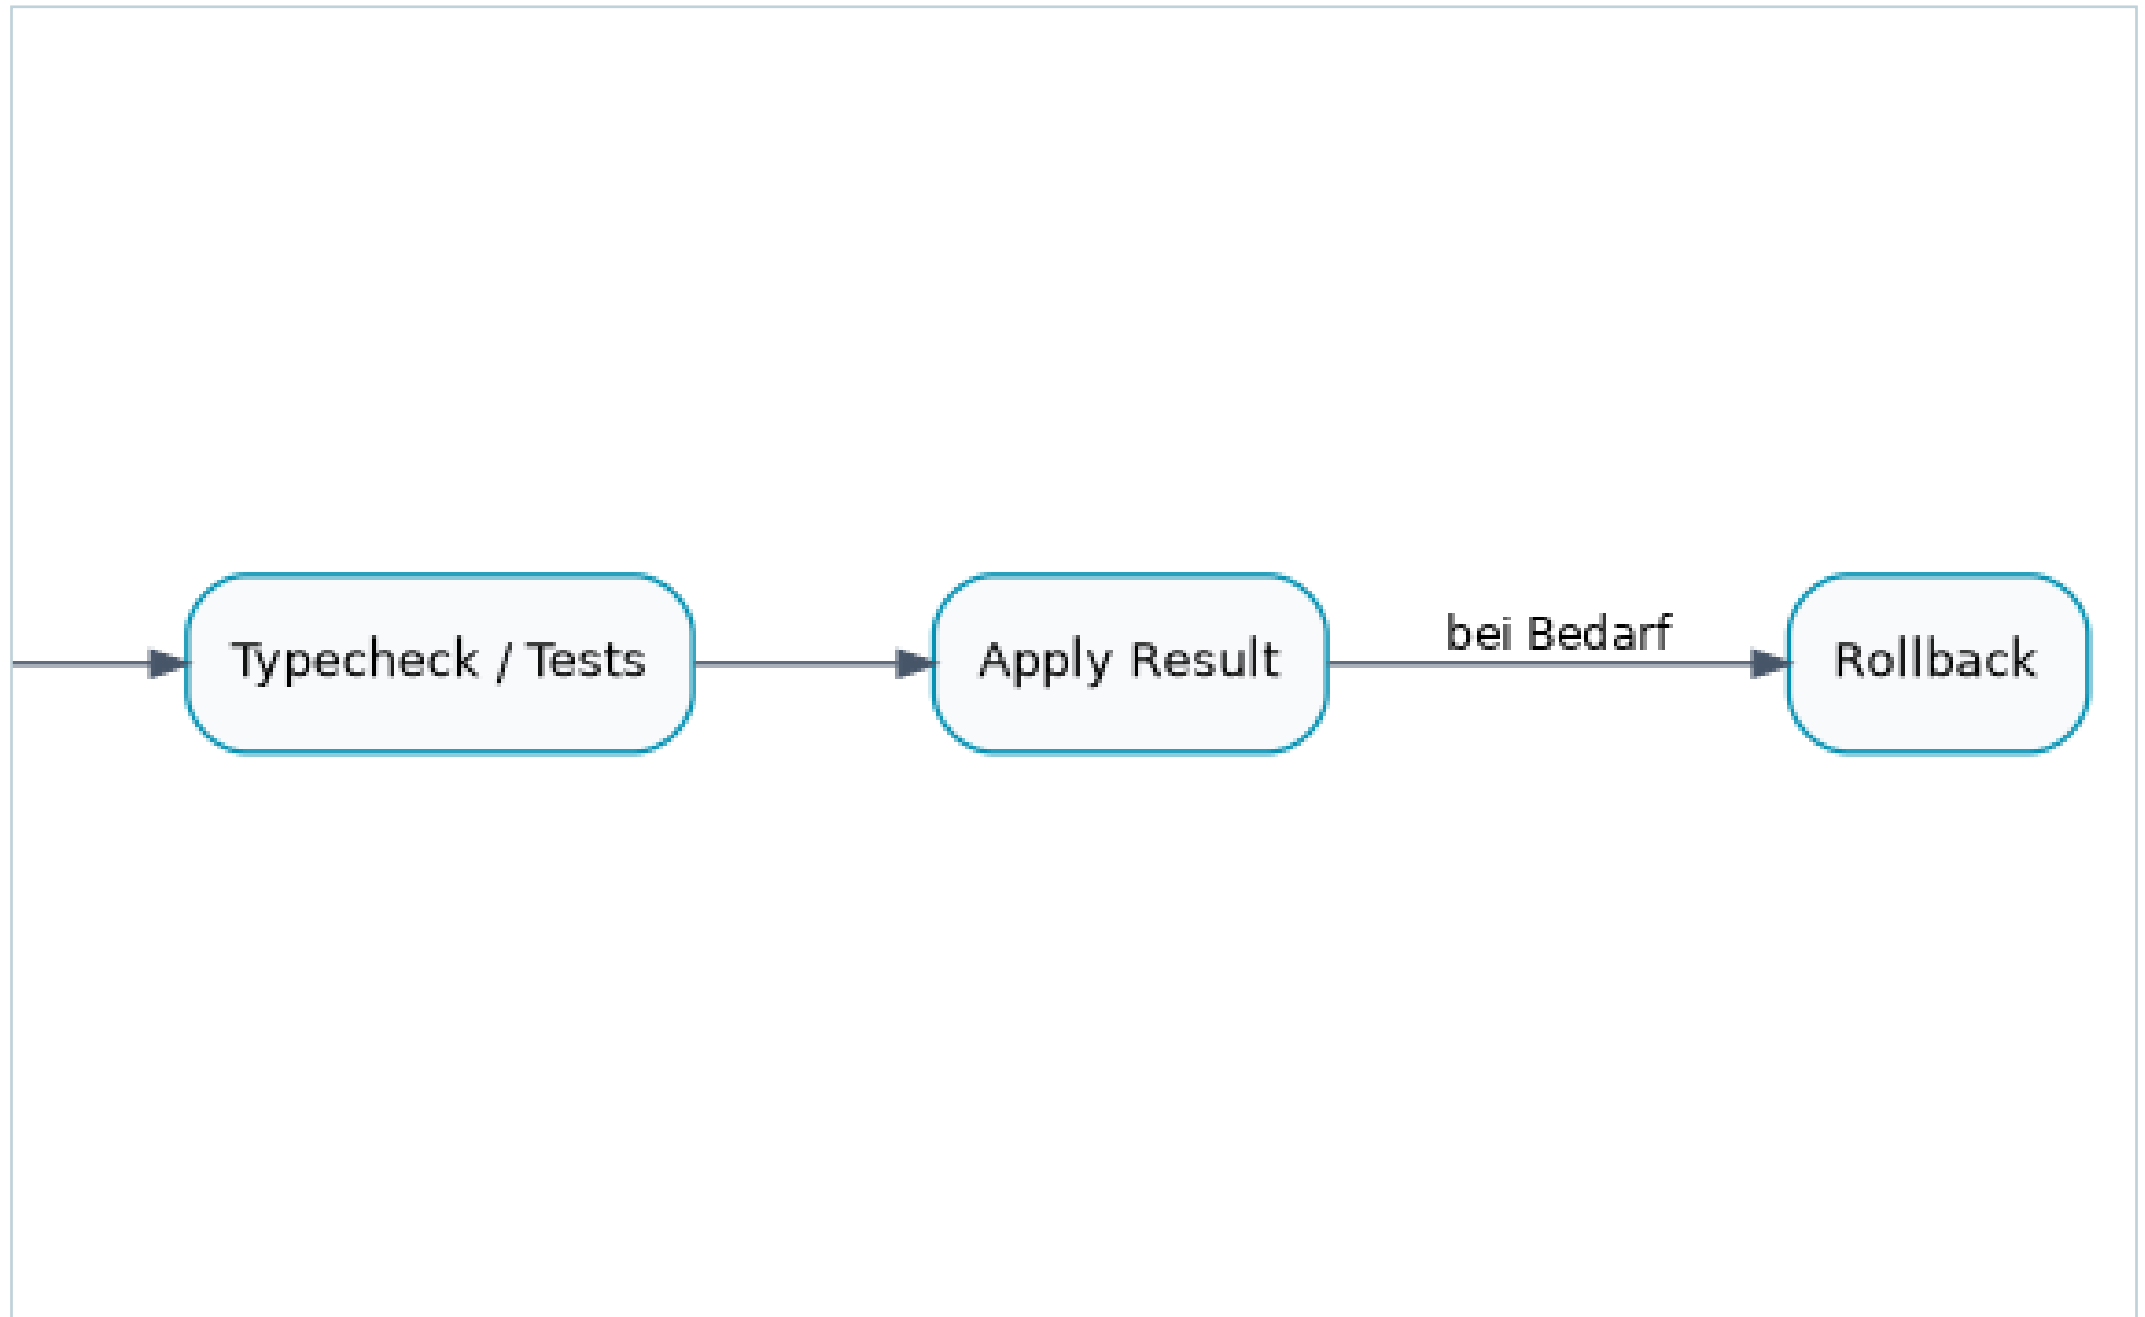

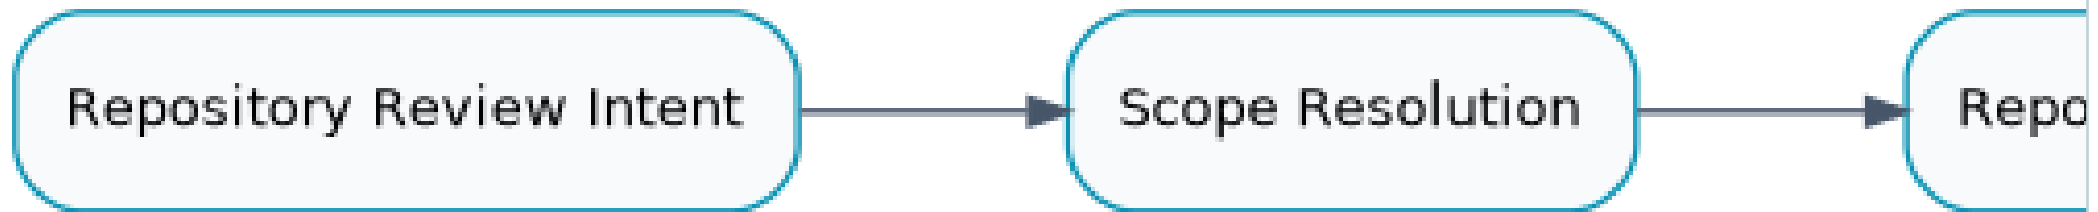

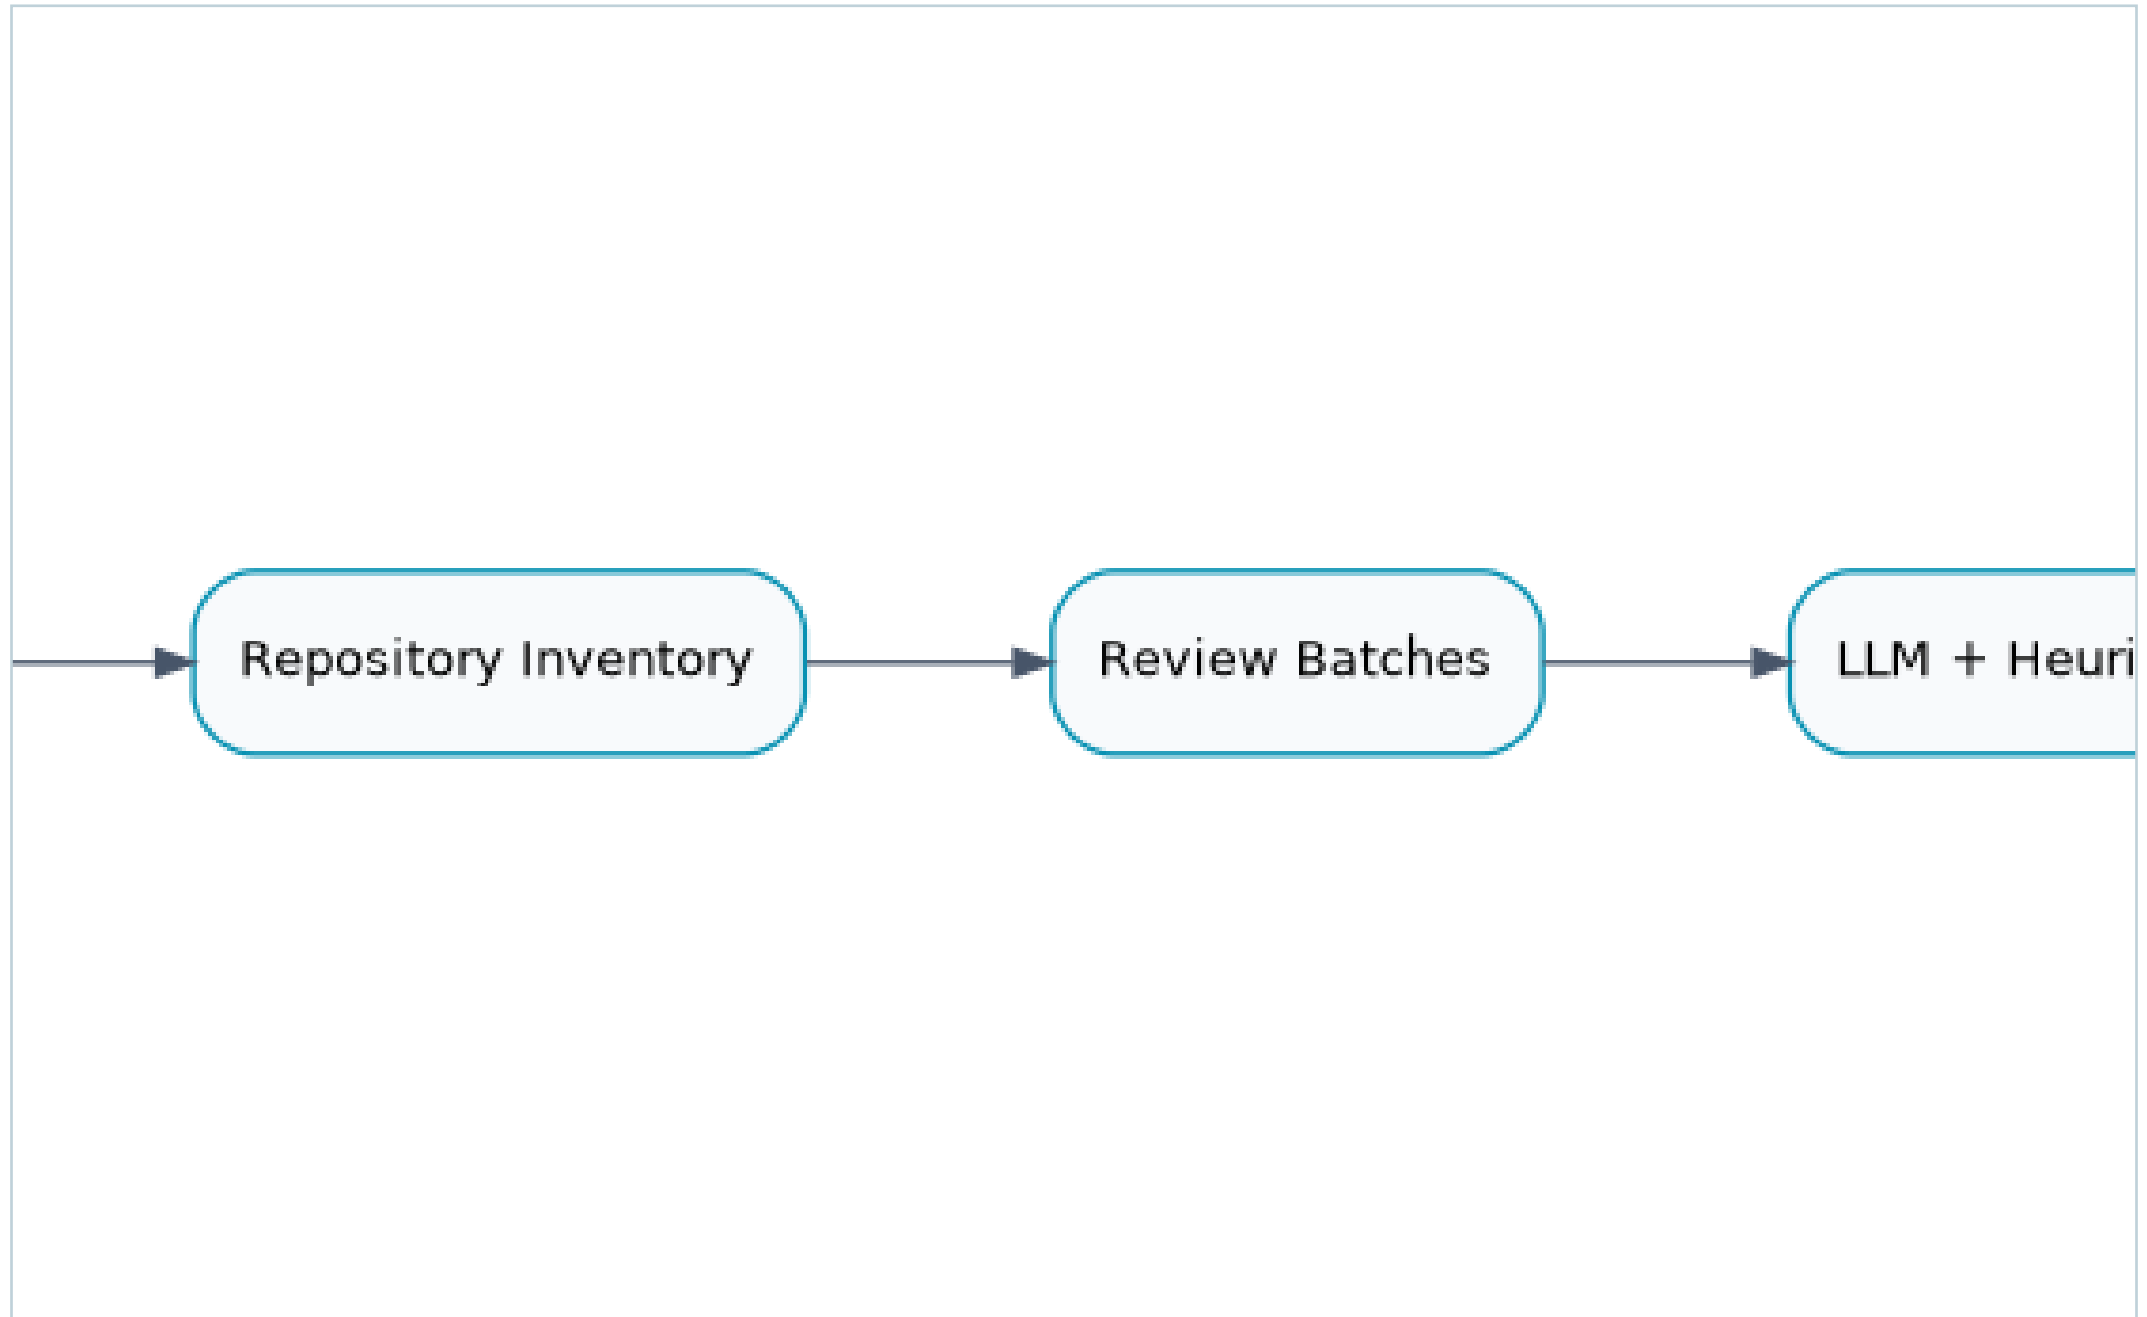

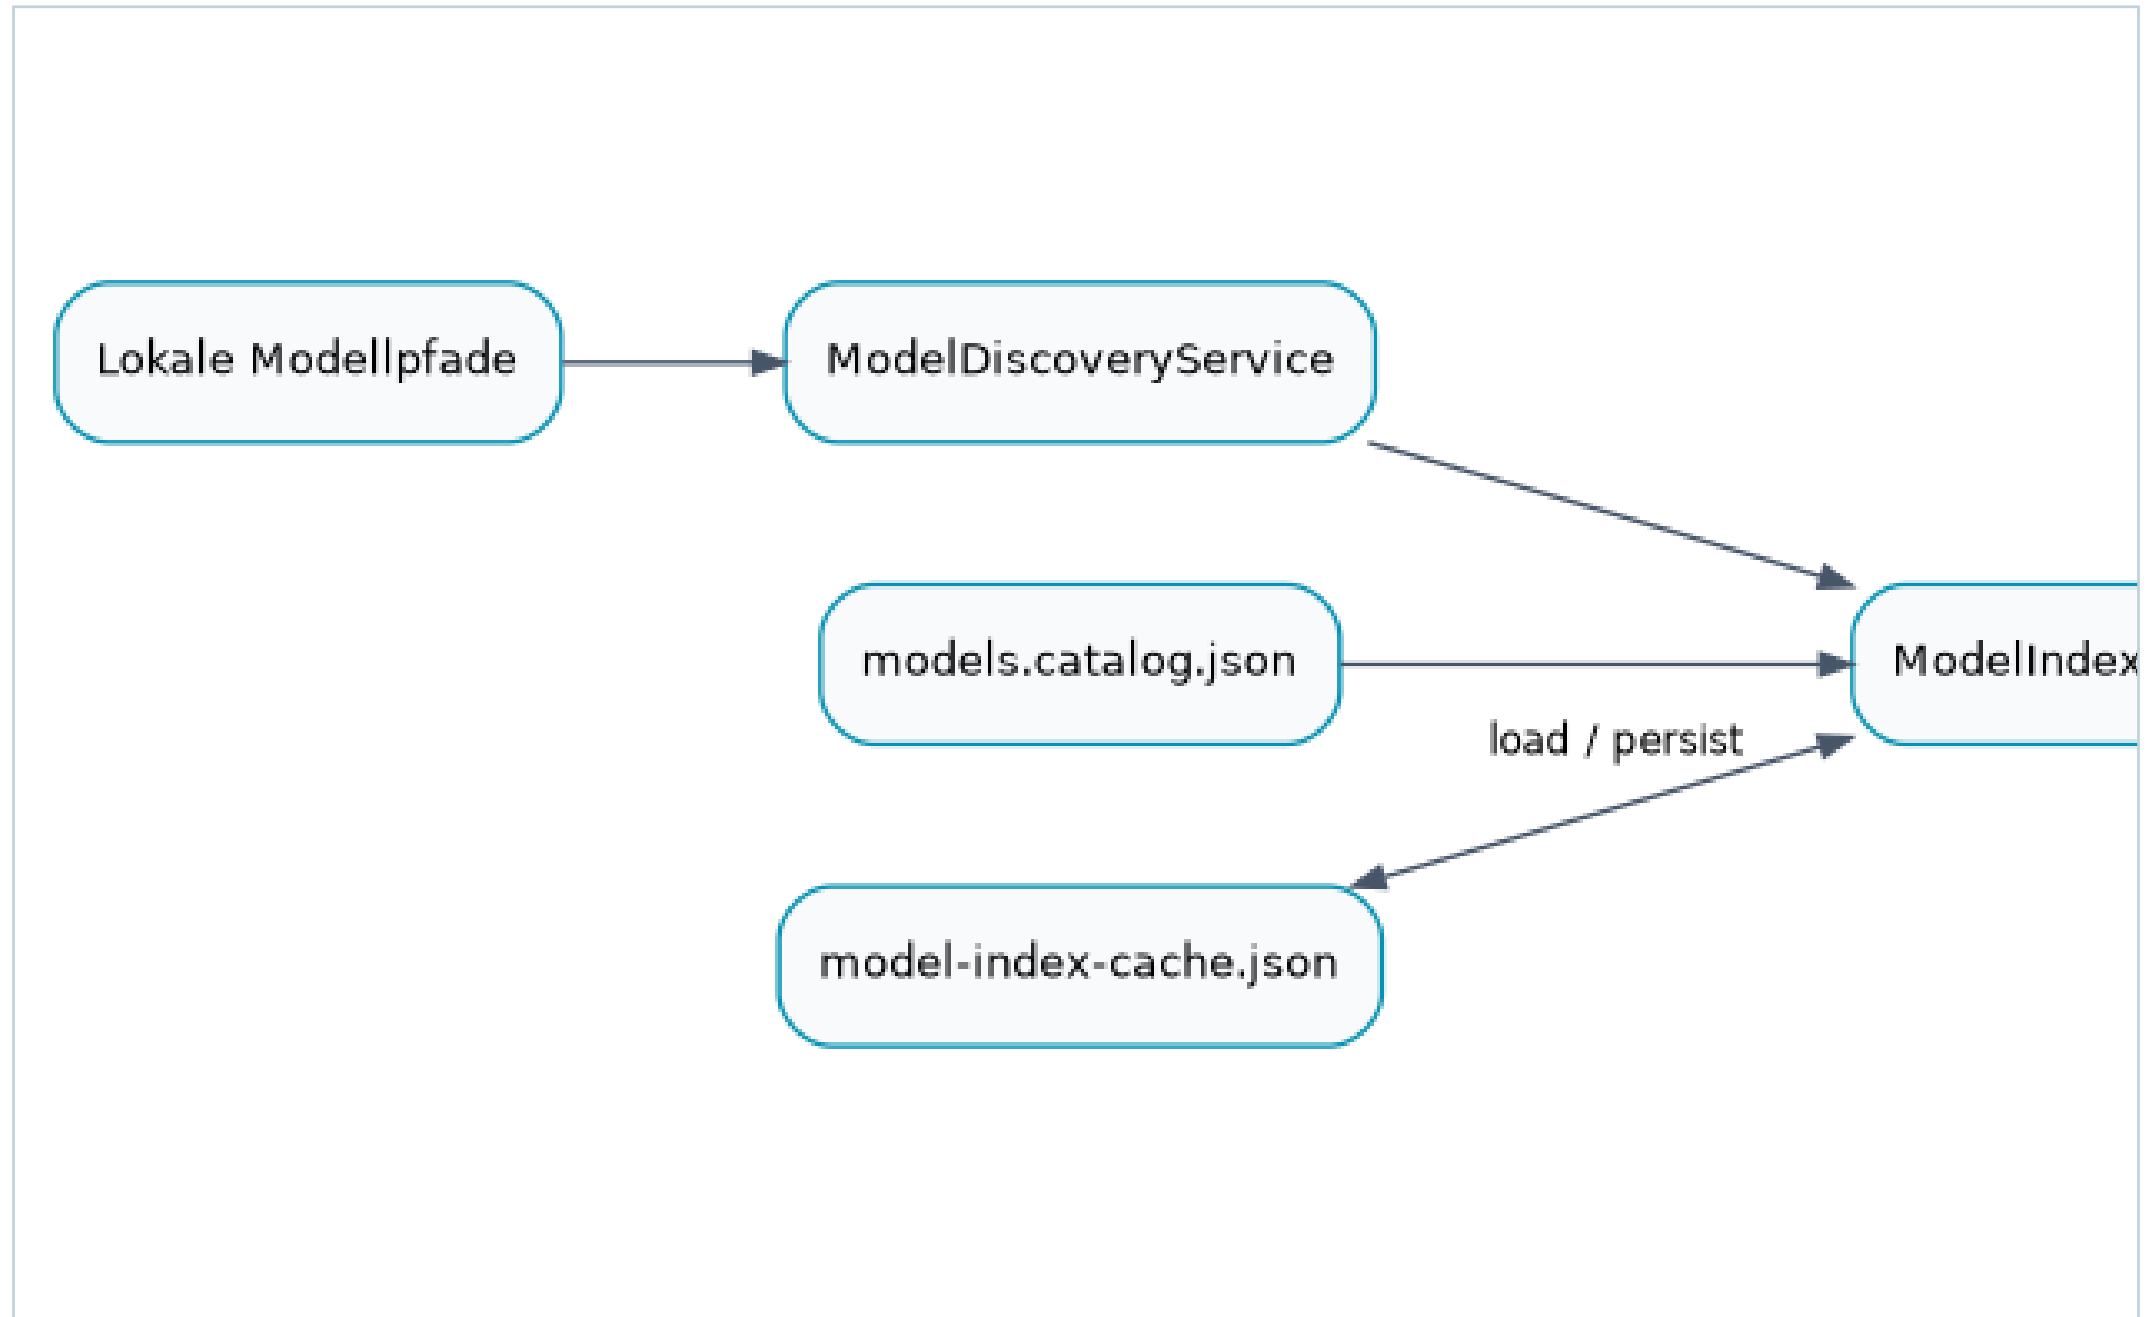

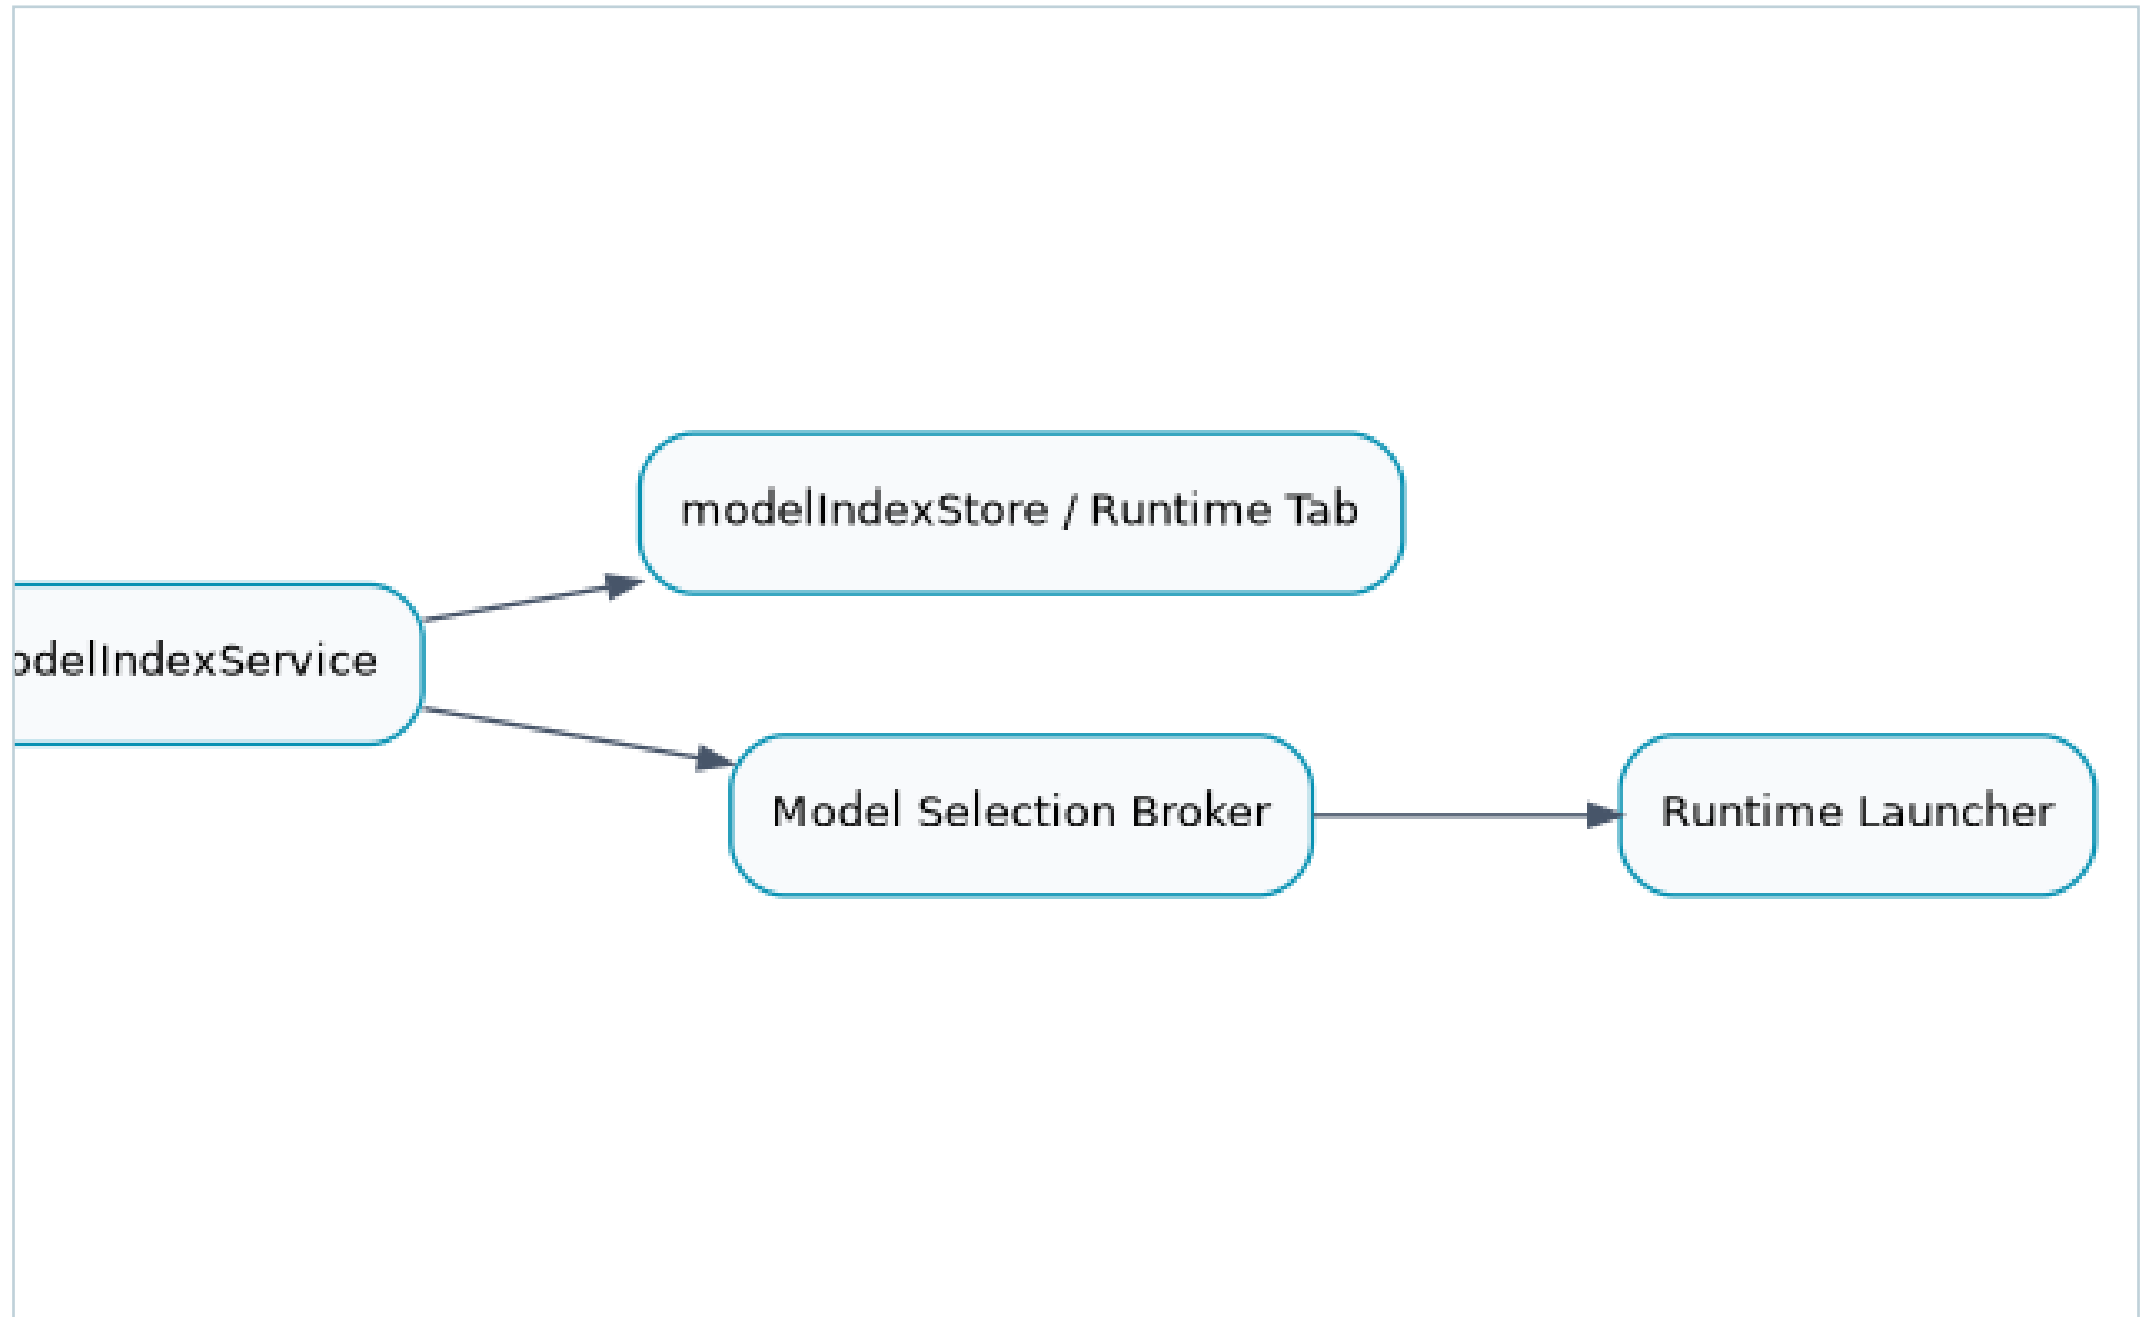

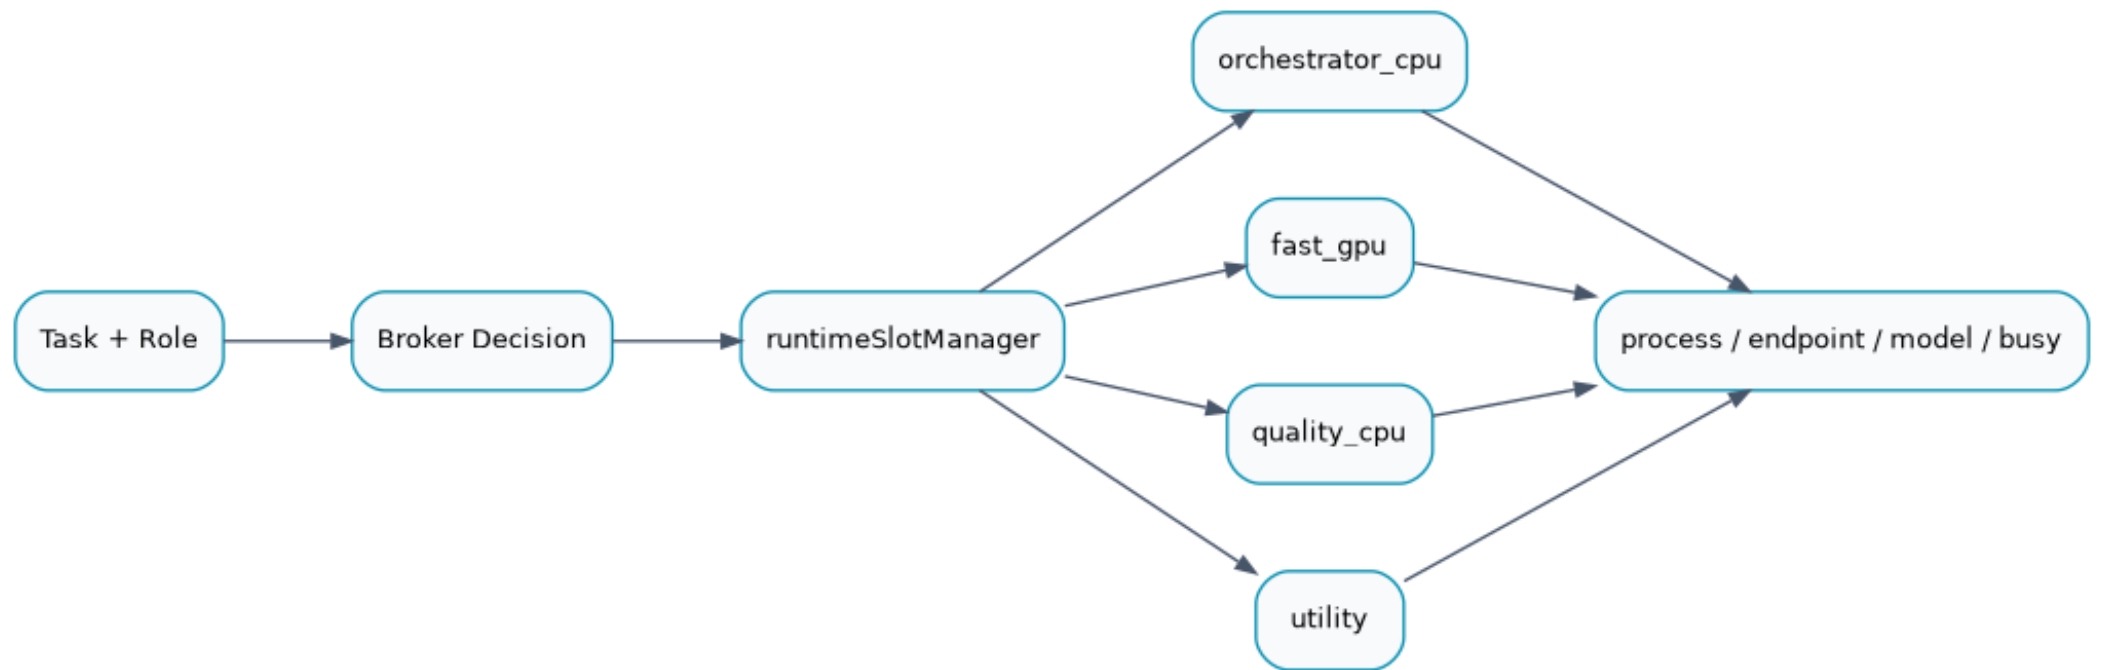

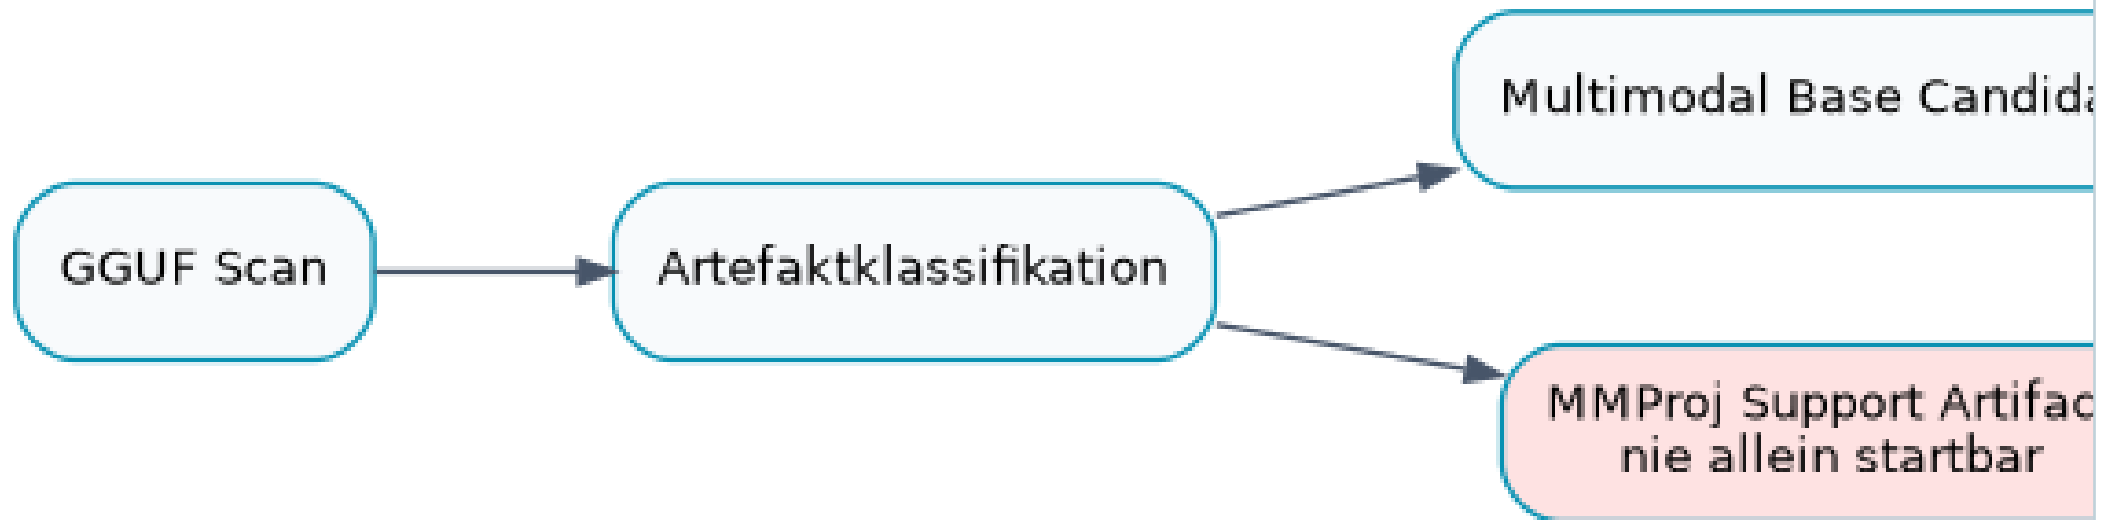

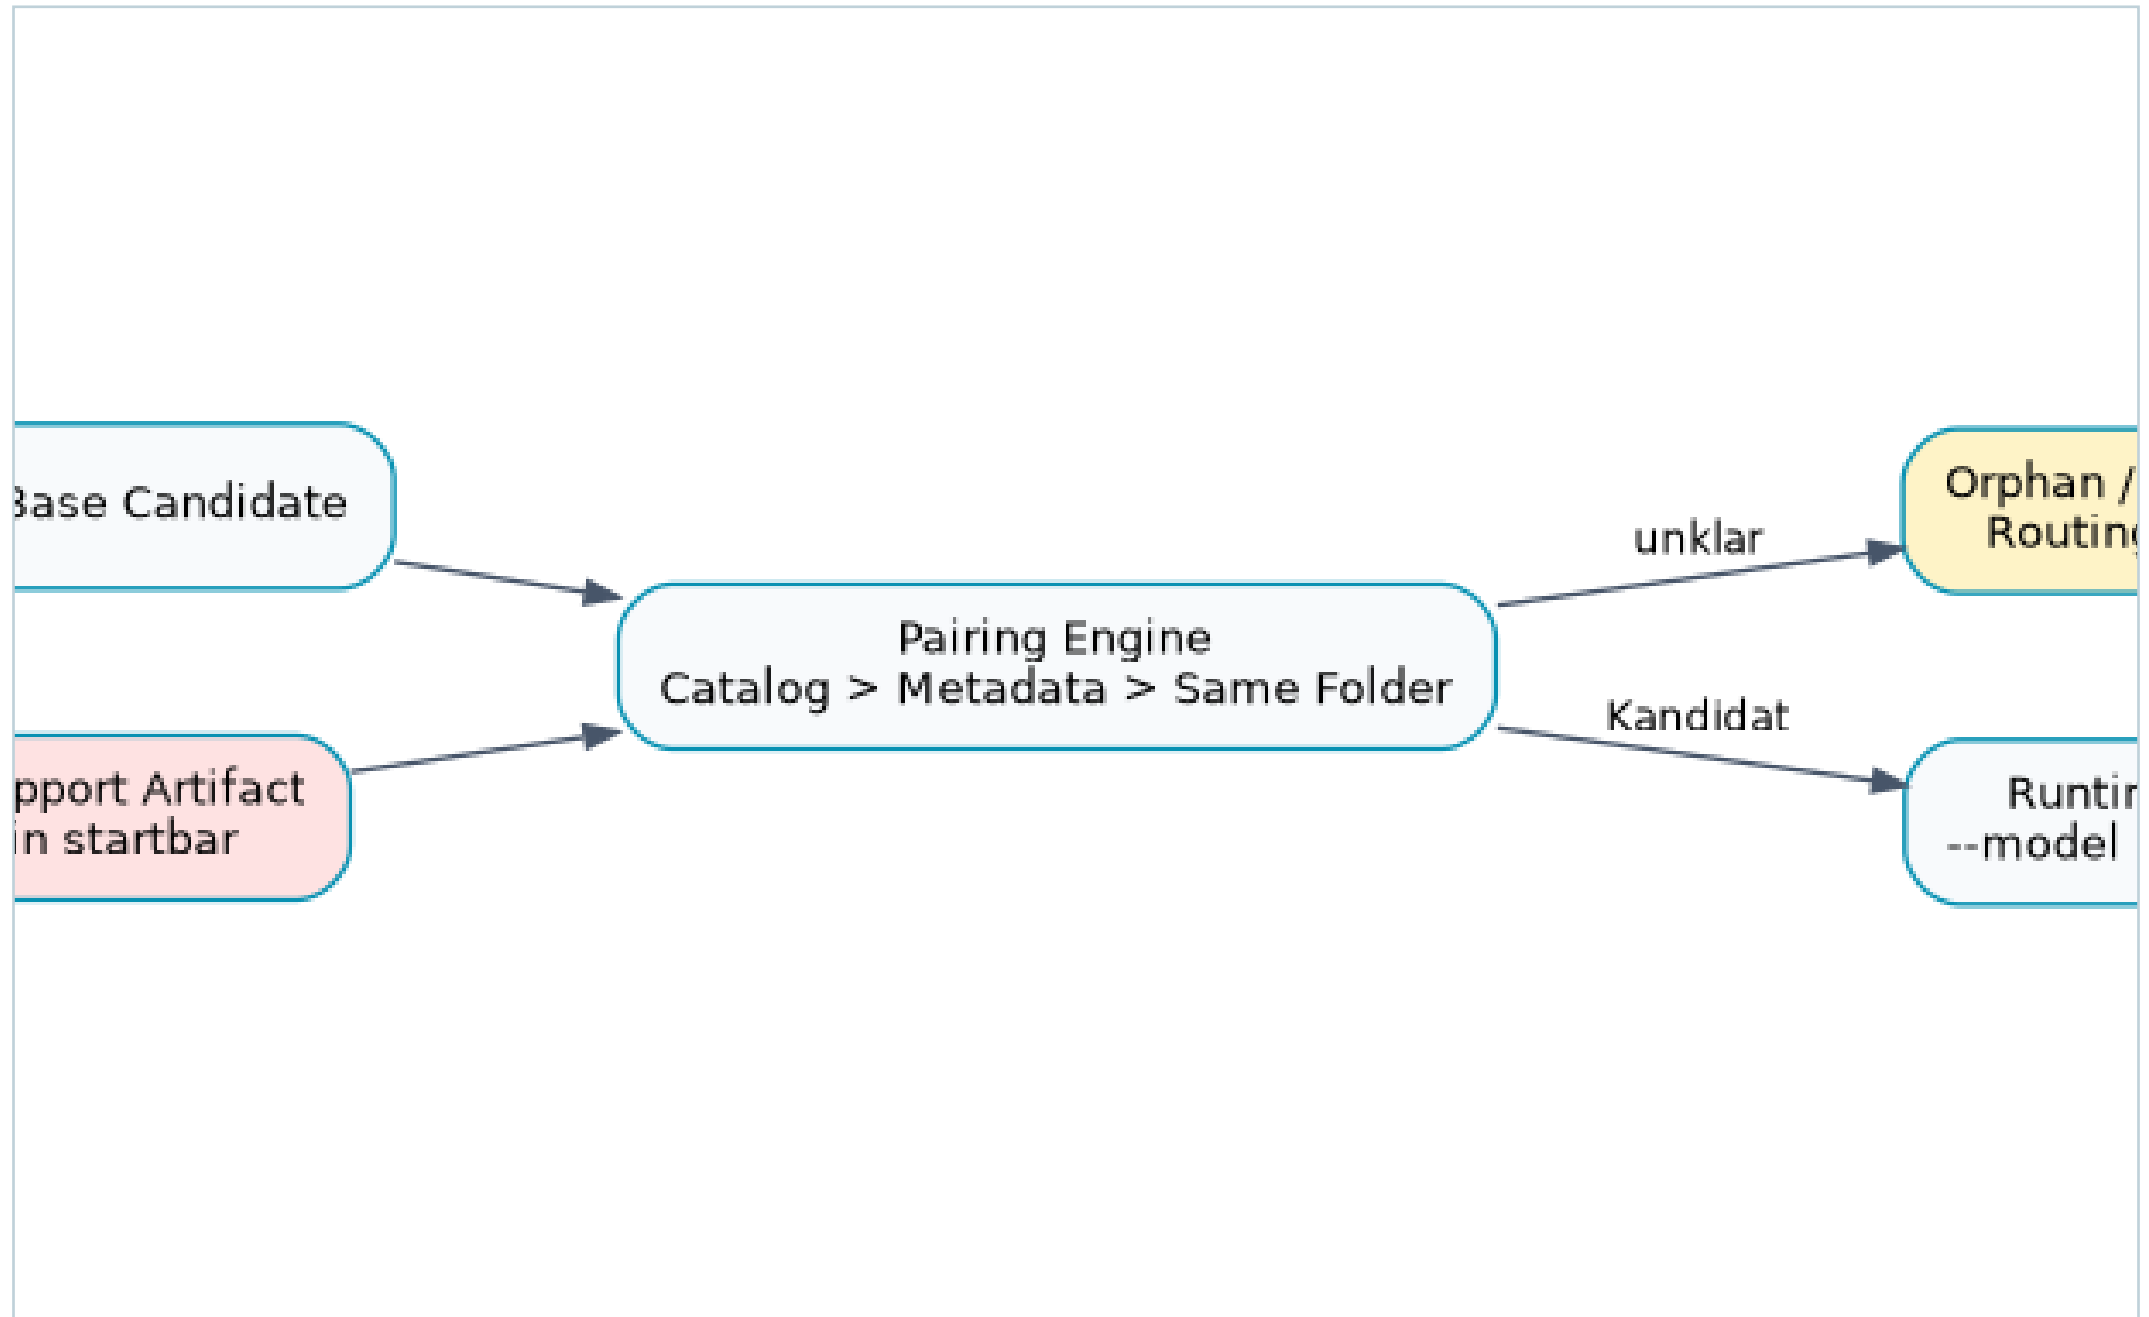

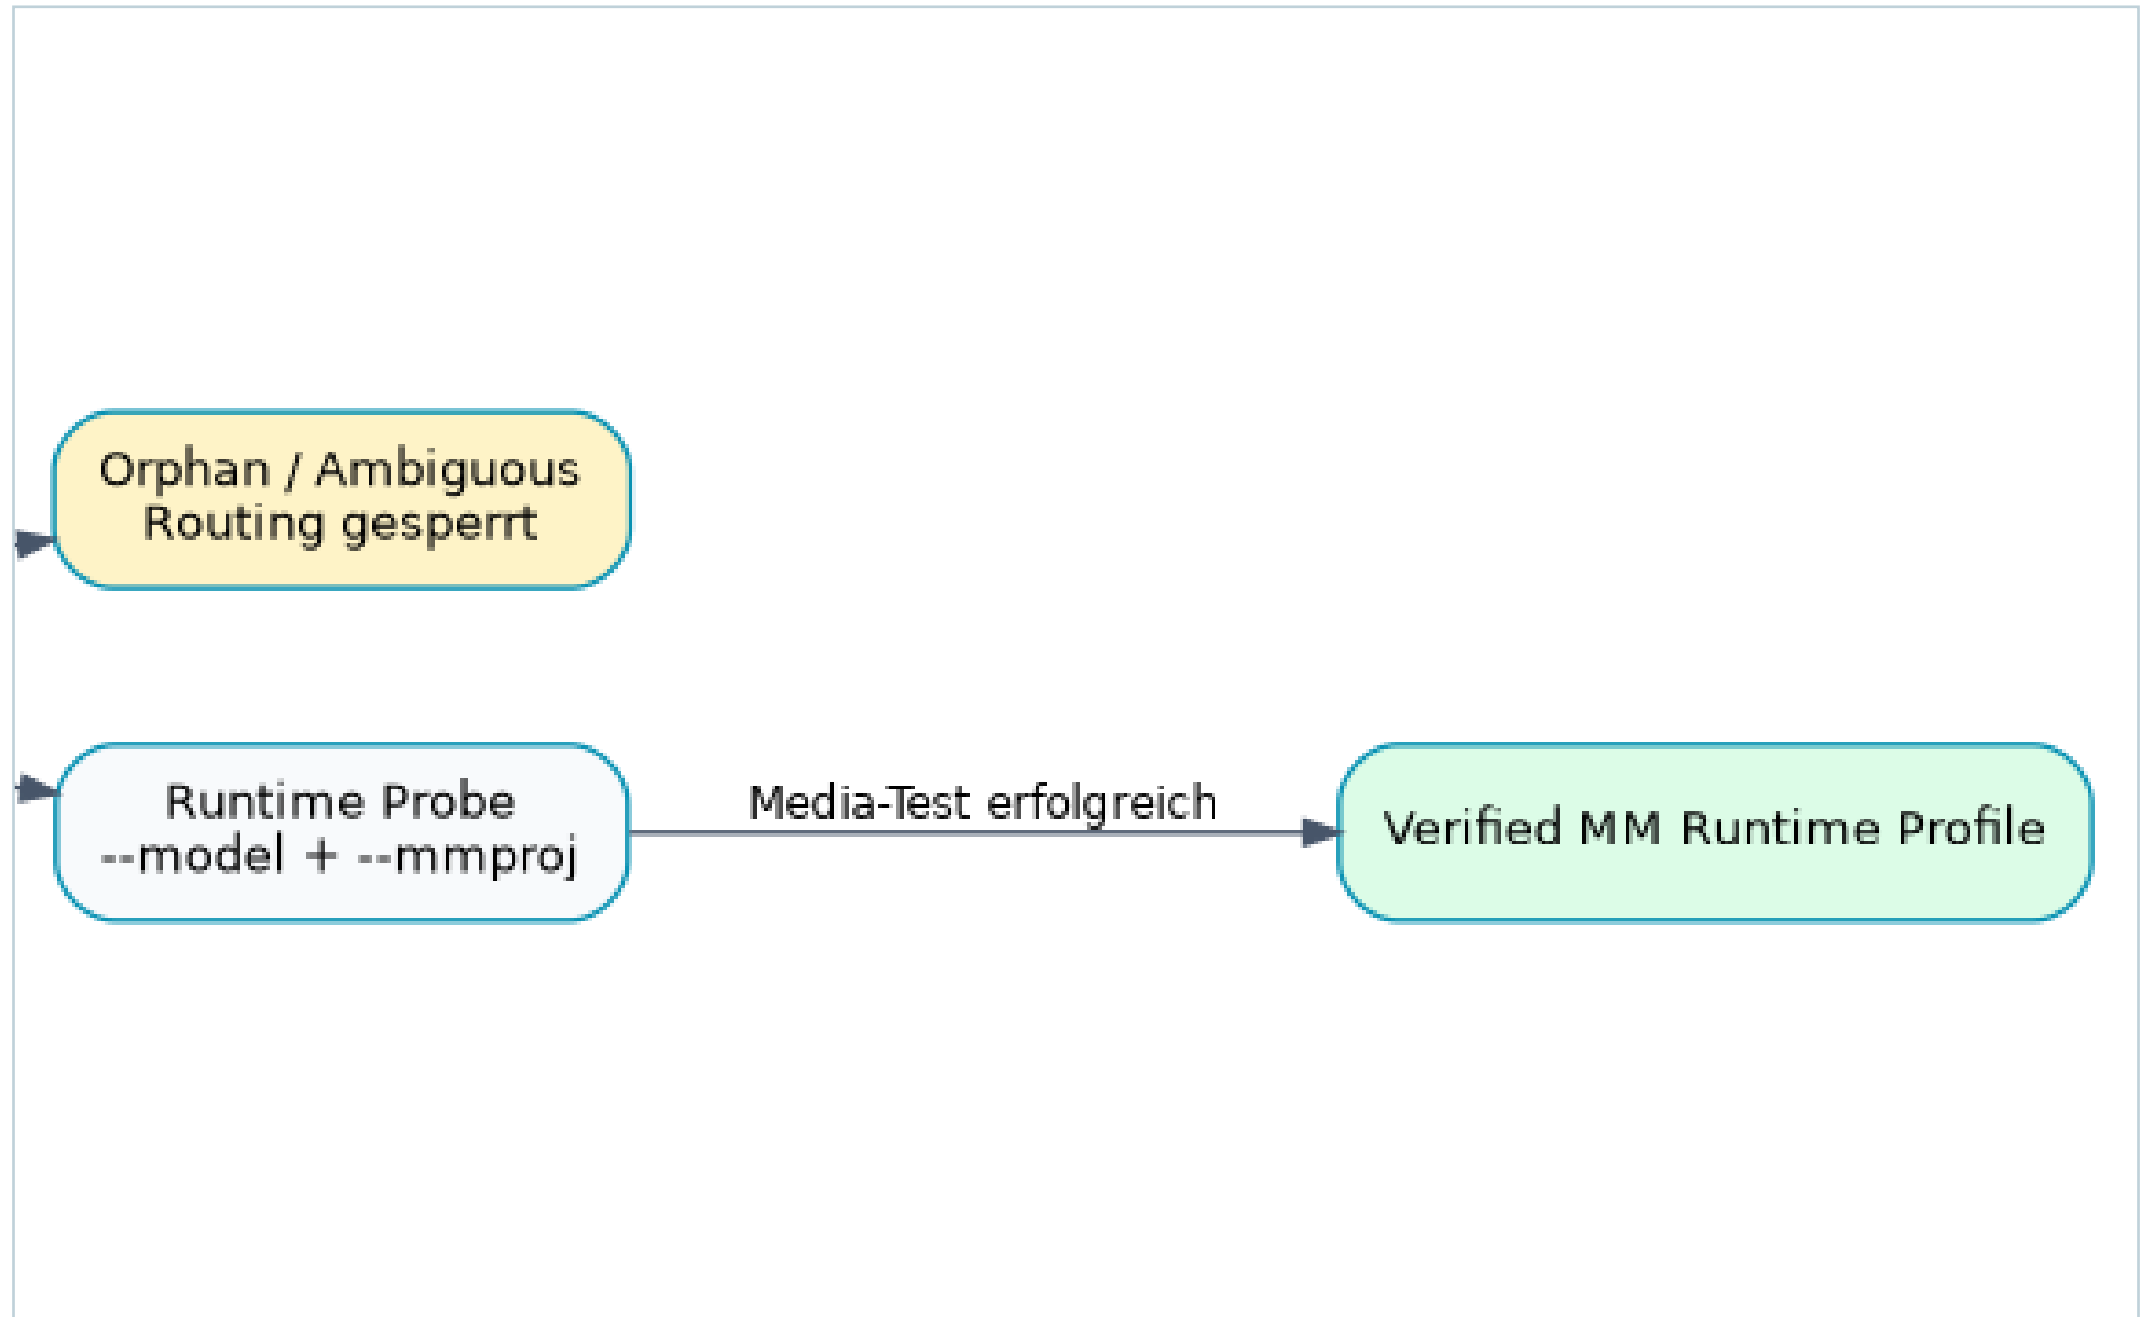

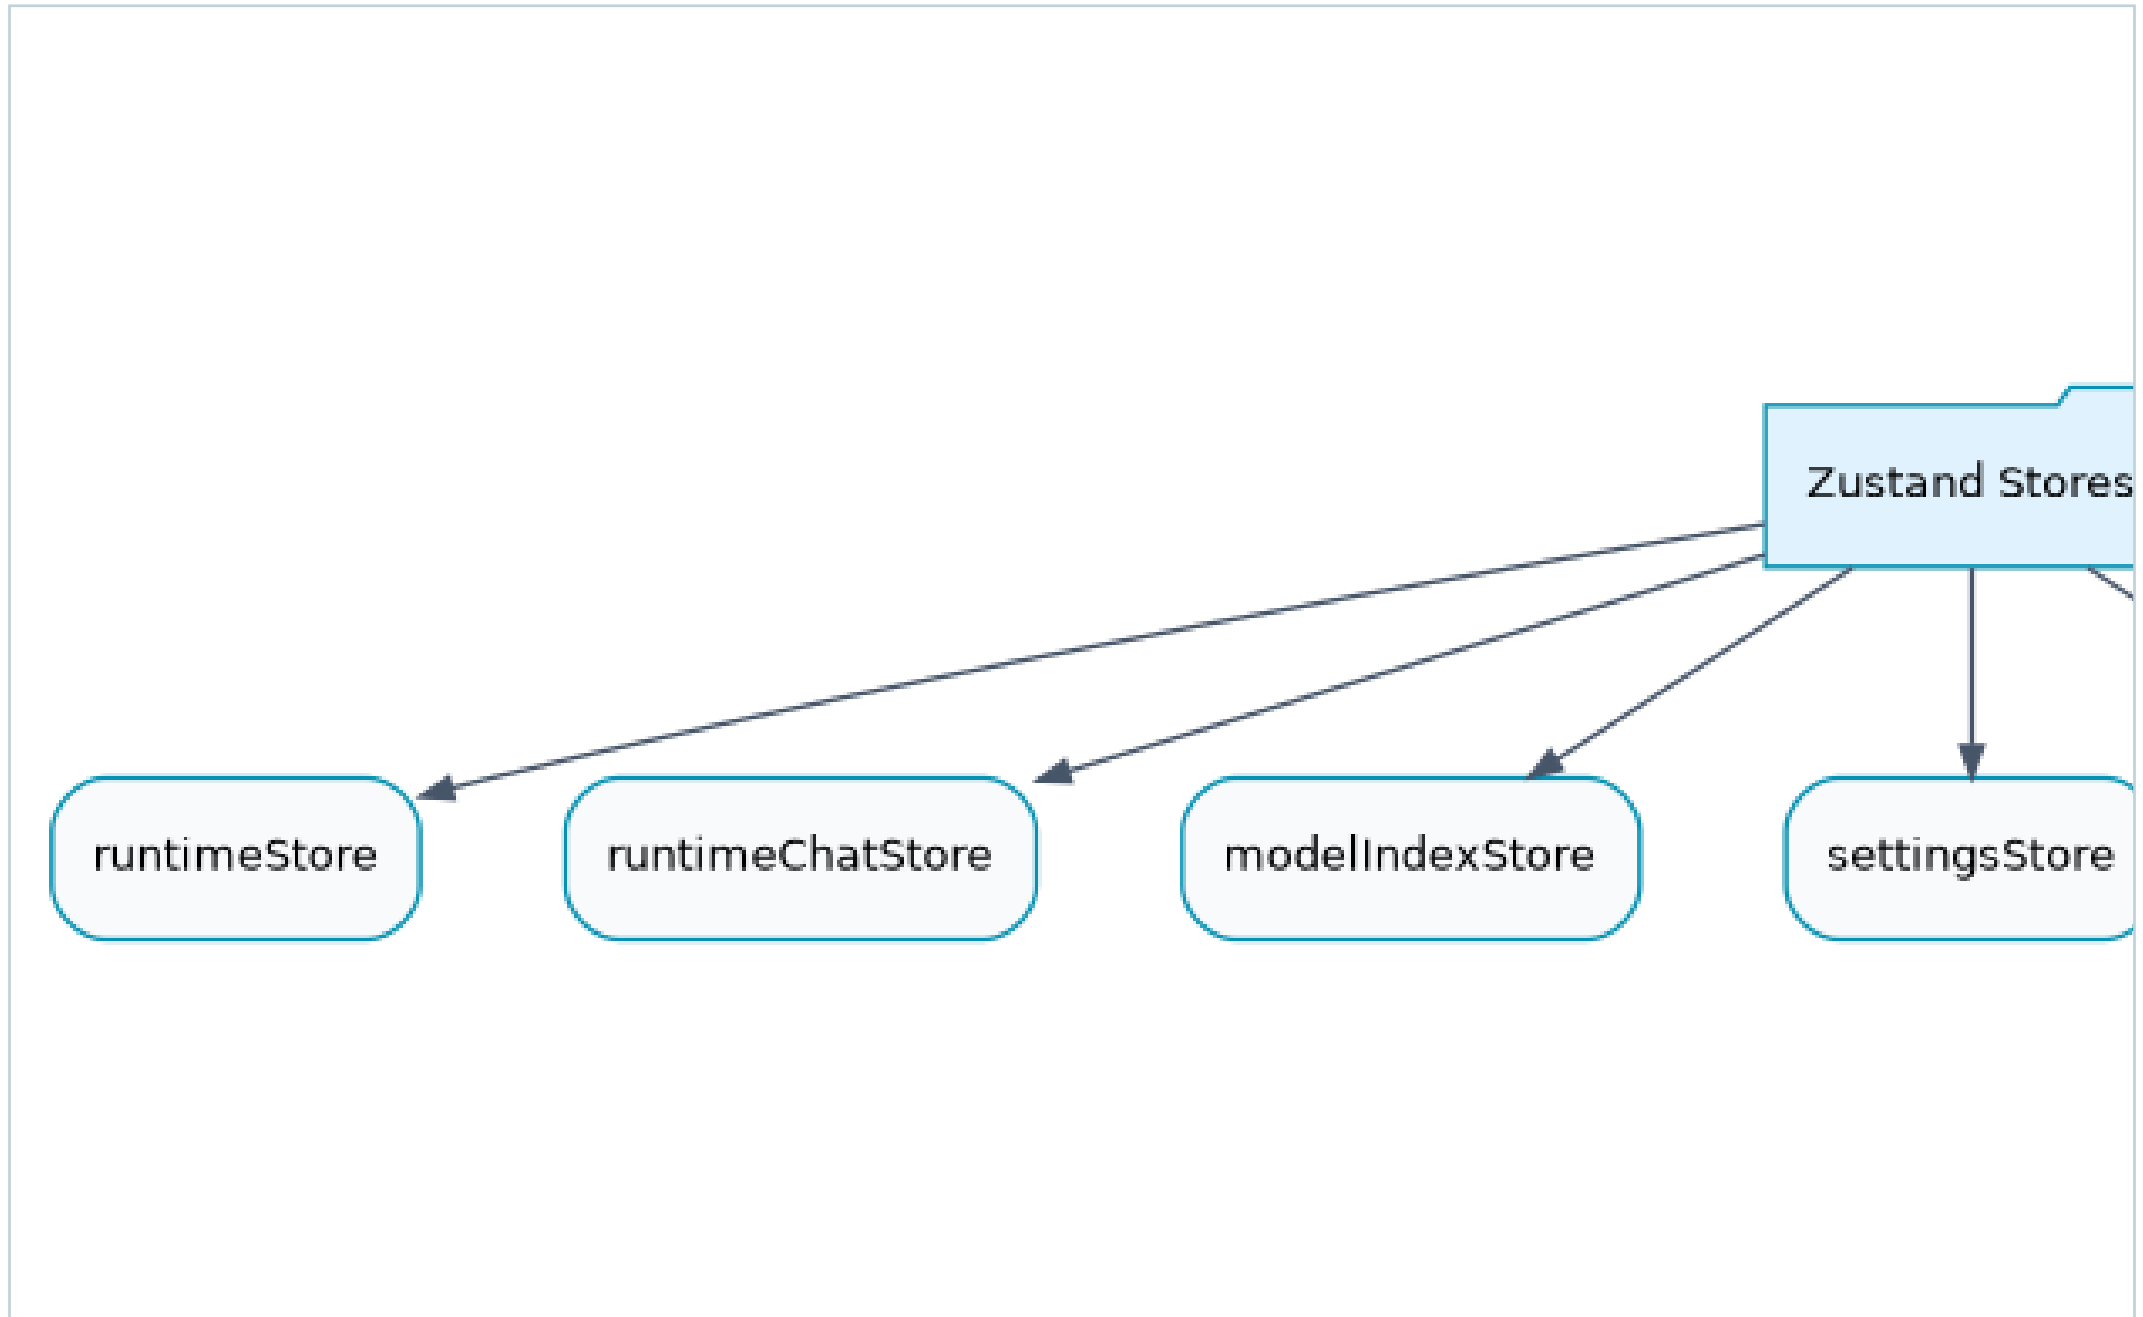

12 - Runtime-Slots und Lazy Loading

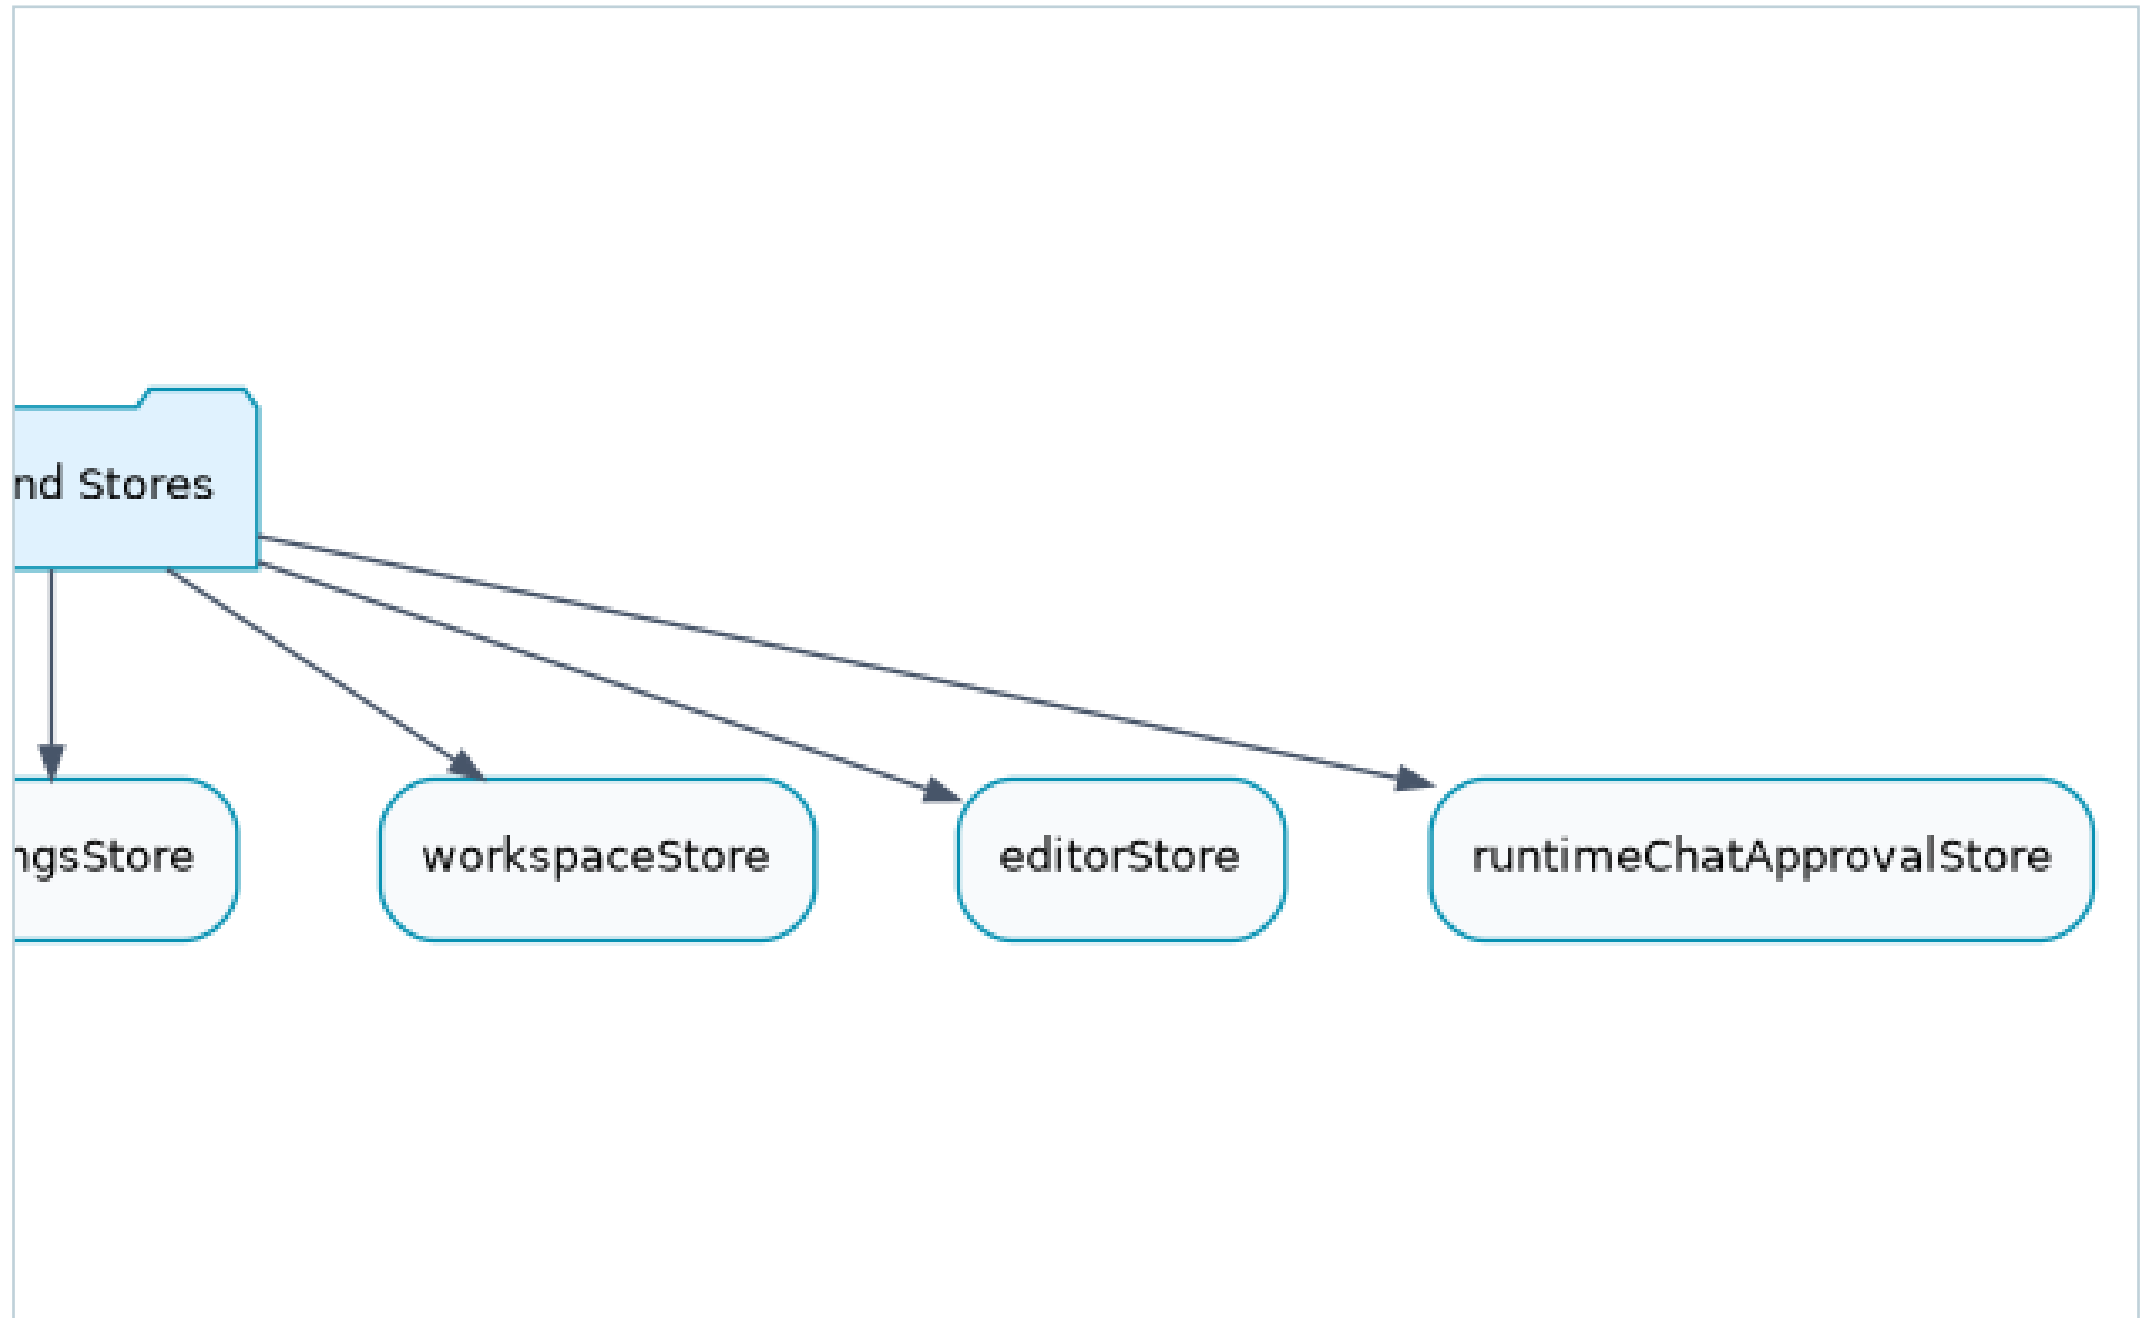

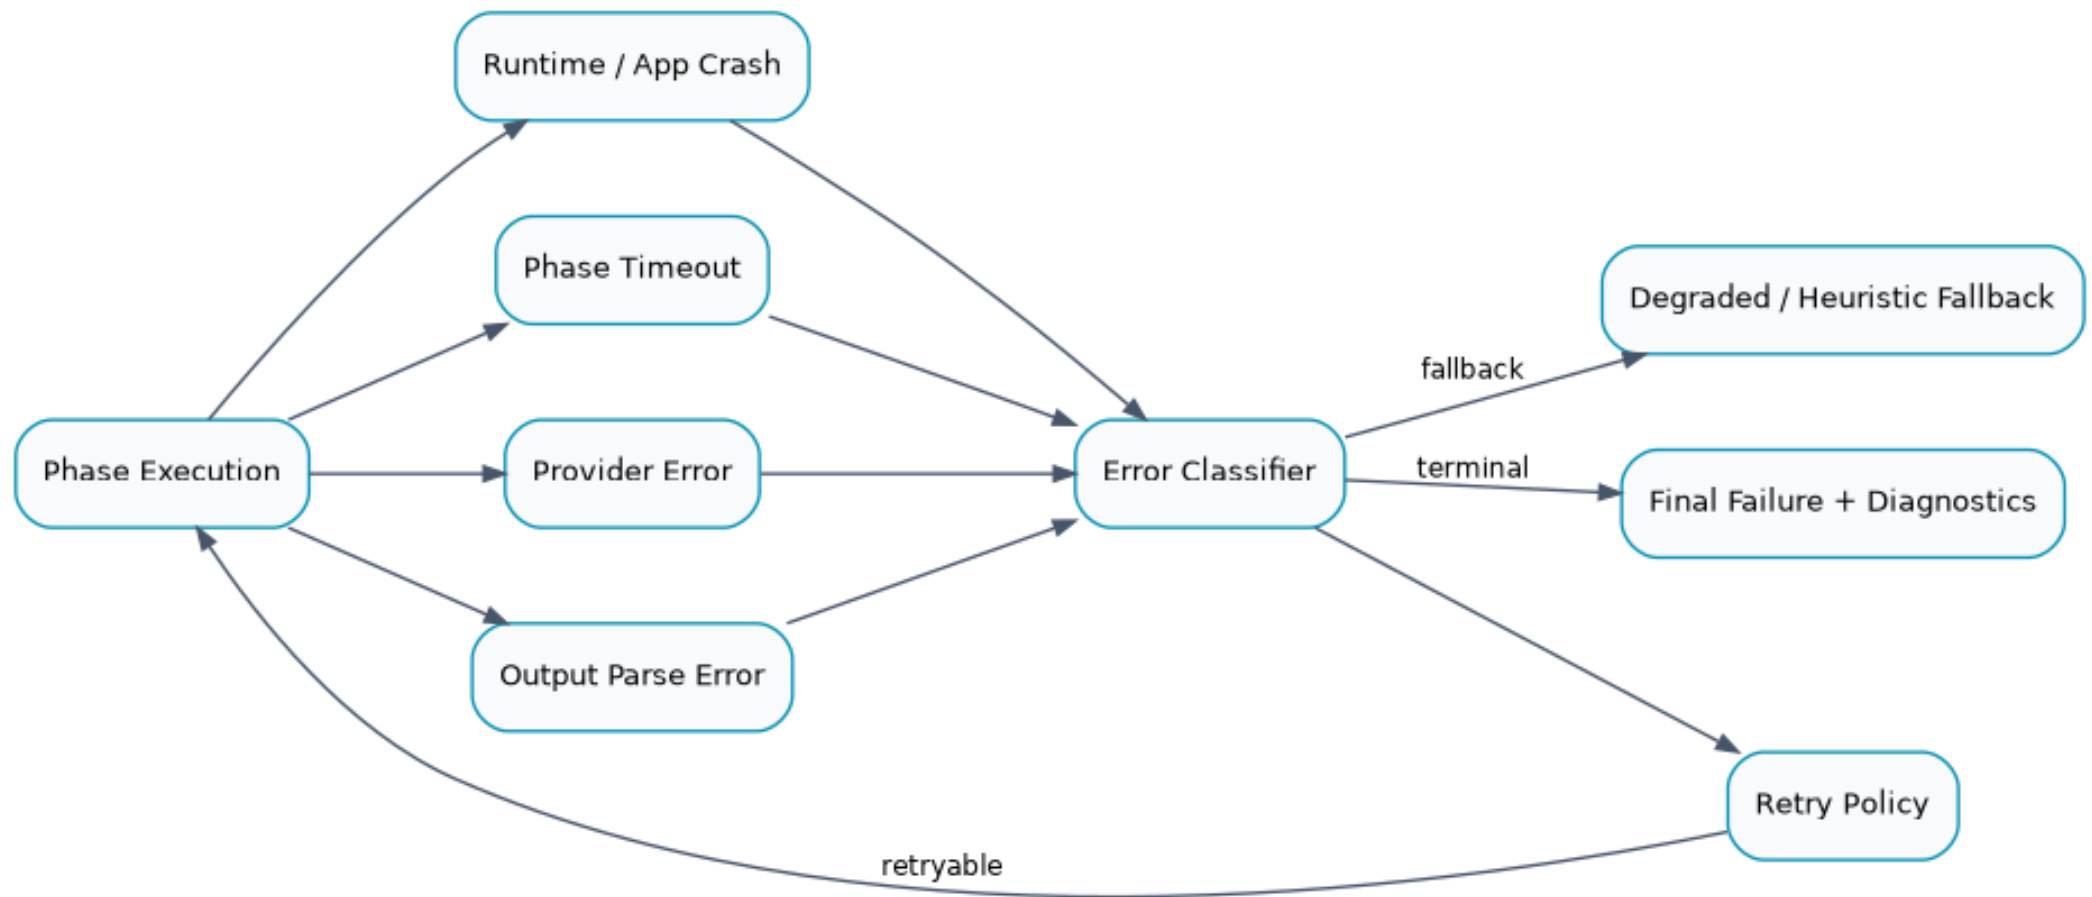

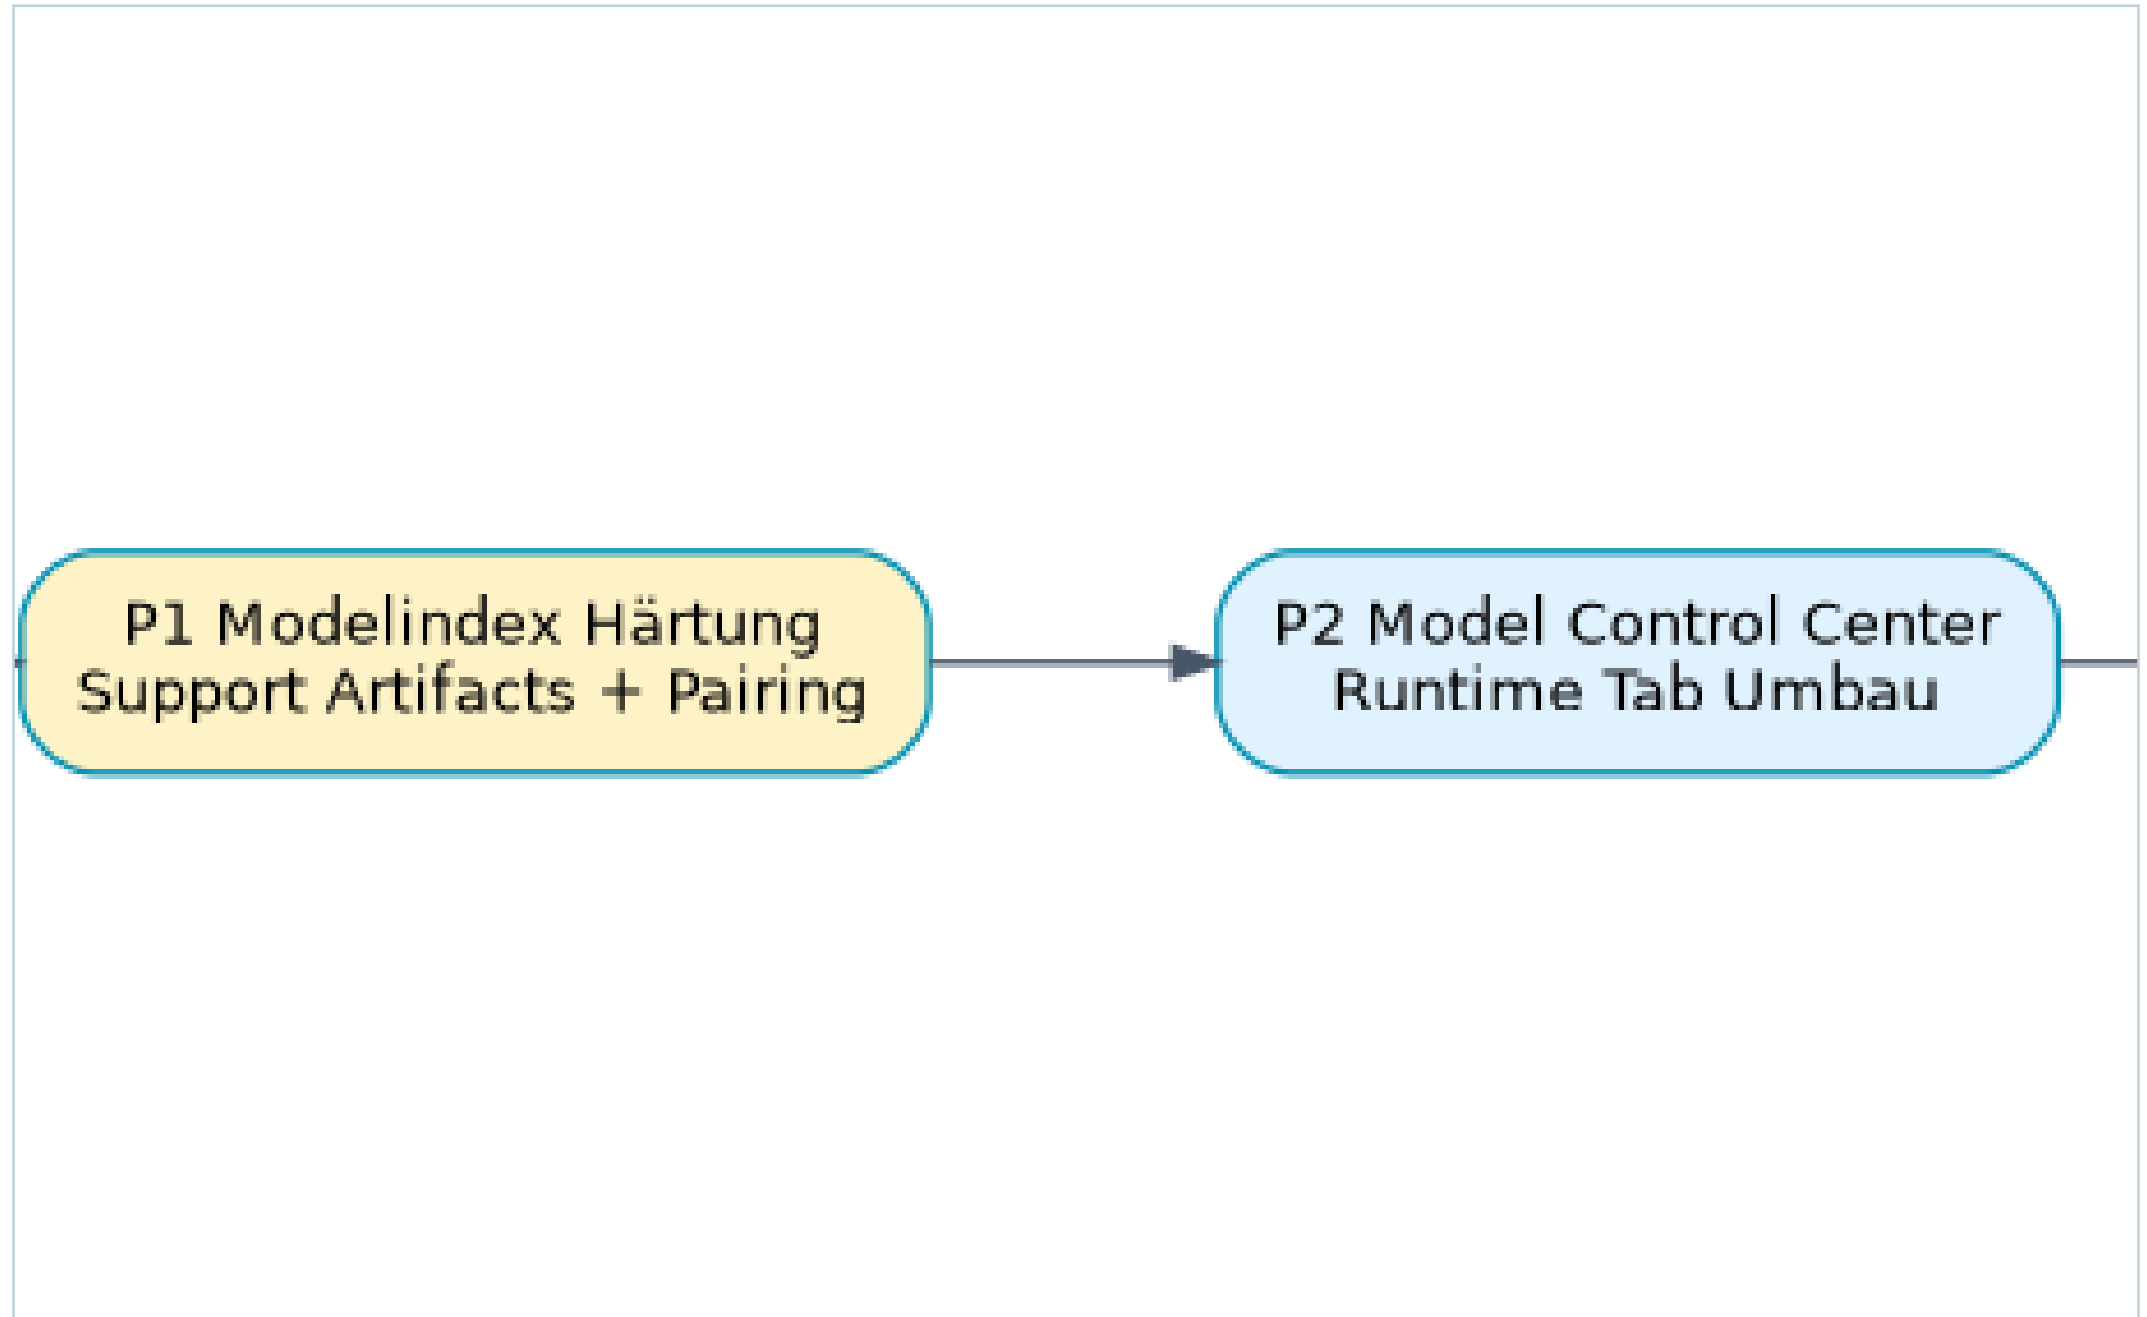

15 - Fehler-, Timeout- und Recovery-Flows
